# DX5 GEORGE DIGWEED EDITION

*"I am truly honoured to have this product bear my name. It's a testament to the dedication & passion I've poured into shooting. To see my name with the best custom hearing protection on the market is a humbling reminder of the impact I've had and the legacy I've made.*

*This new product represents the embodiment of my values, my spirit, and the relentless pursuit of excellence. I hope it inspires others to push beyond their limits and achieve greatness."*

George Digweed

Established ProFlex DX5 technology & British craftsmanship combine to create the world's first ultra-luxury hearing protection experience.

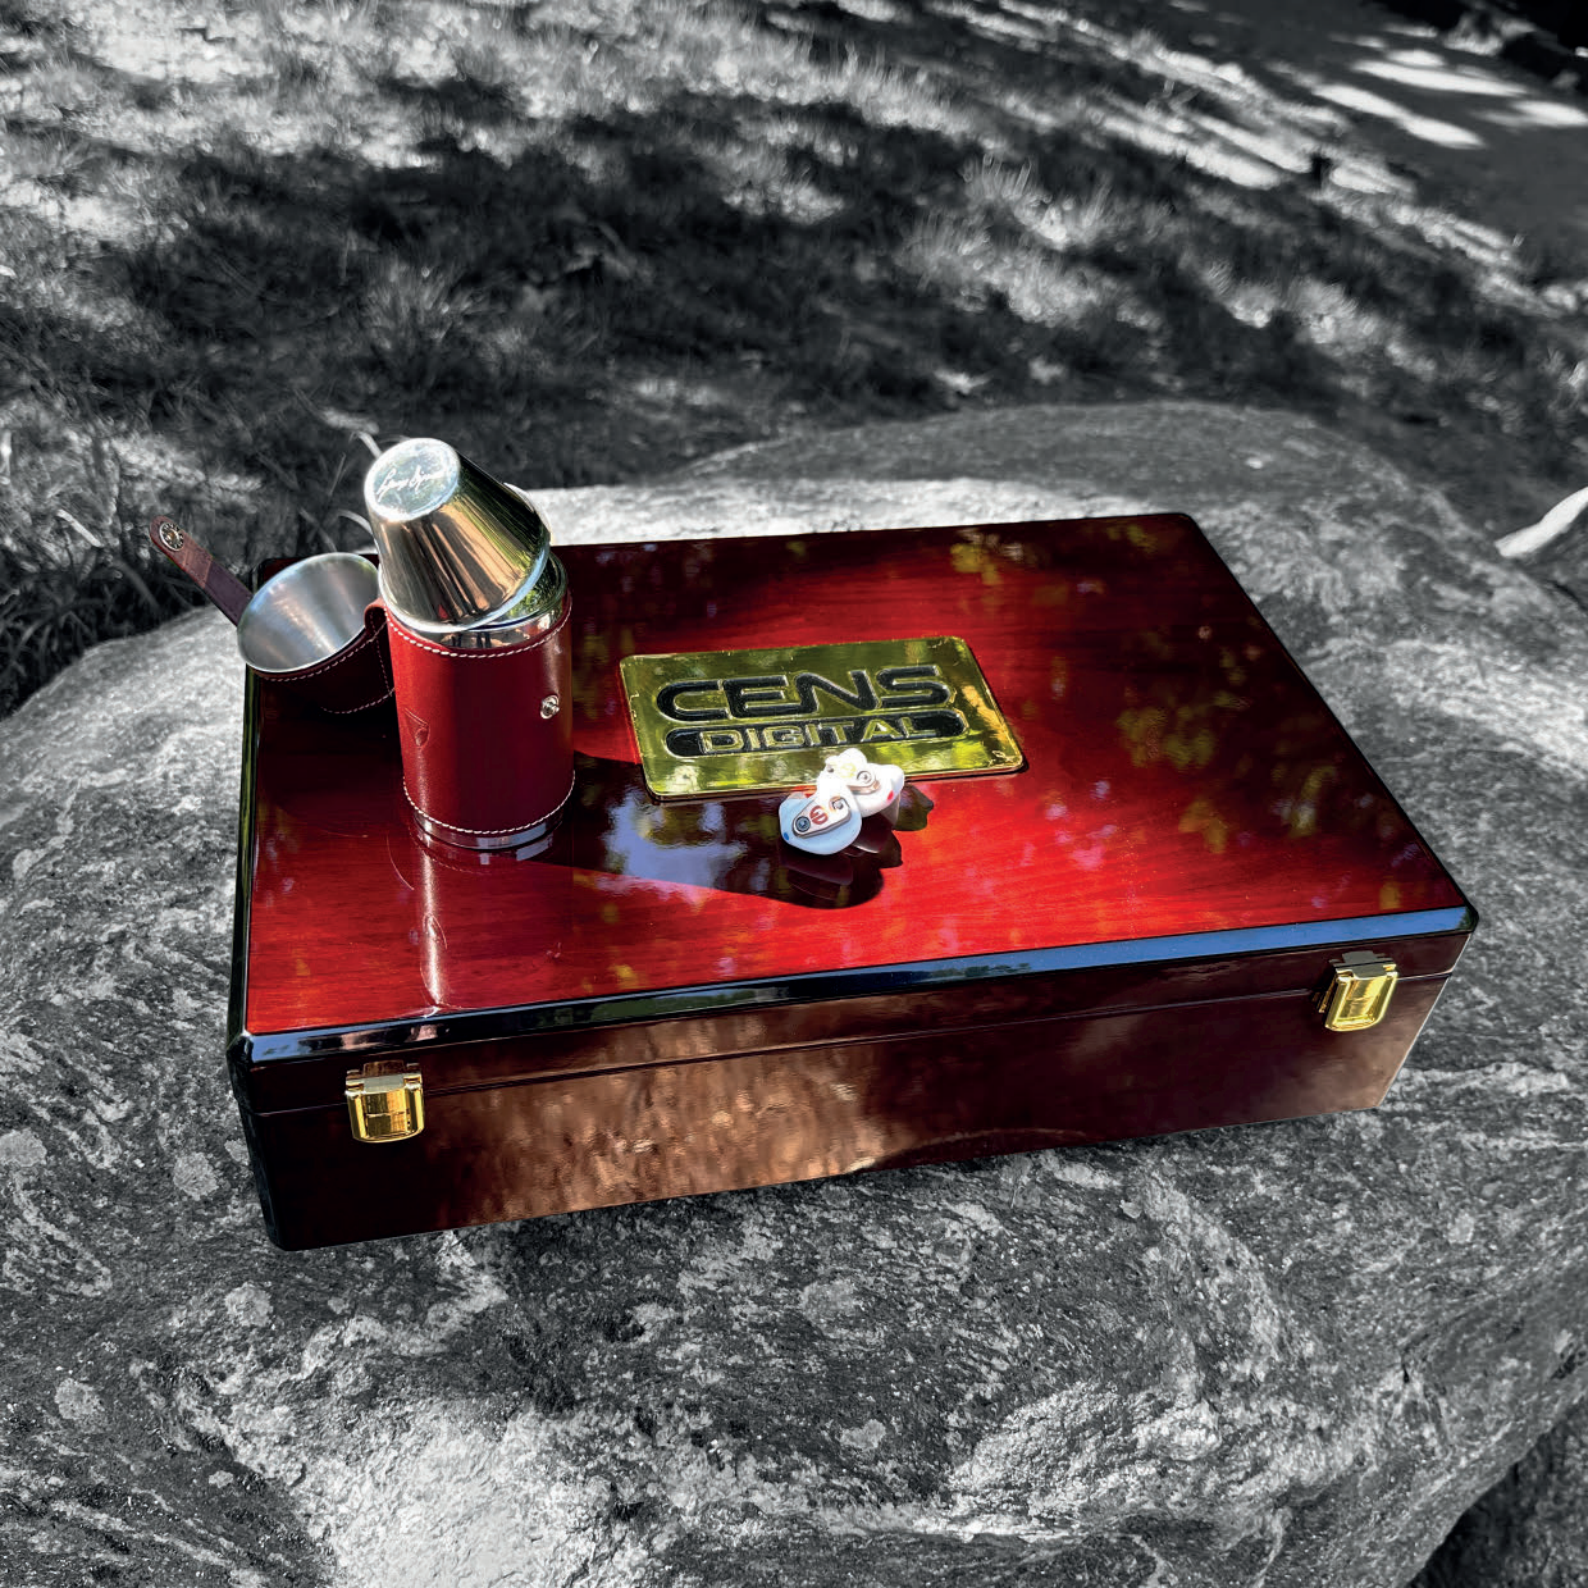

# The ProFlex DX5 George Digweed Edition

Inspired by the career of unparalleled shooting legend George Digweed MBE.

5 Year Warranty

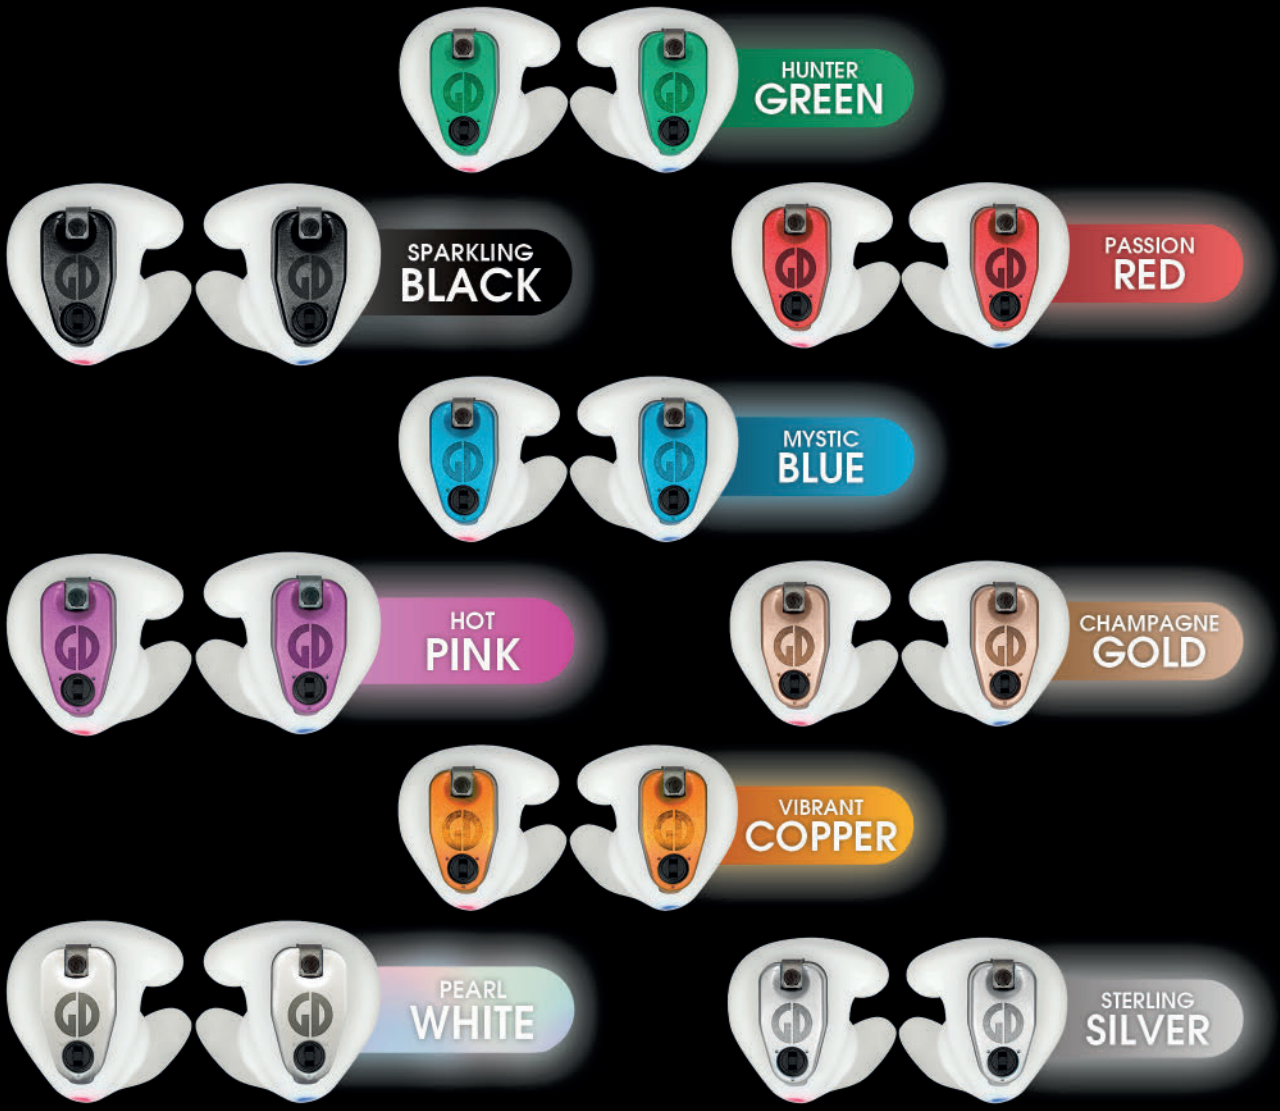

We have dedicated extensive time, research, & resources to develop this innovative offering, and we firmly believe it will revolutionise the way our customers experience hearing protection. With the cutting-edge features, advanced technology, and exceptional quality, our customers have come to expect from the ProFlex DX5.

# Ultra-Luxurious Packaging, with new accessories

This meticulously designed packaging is a testament to sophistication, showcasing a fusion of opulence & functionality. The centrepiece is a hand-crafted, polished case, delicately finished to perfection, with gleaming gold hardware, and plush velvet interior.

## Includes Exclusive Aspinal of London Flask

Crafted in appreciation of George Digweed MBE, World Champion Shooter, & CENS digital brand ambassador, this limited edition George Digweed Leather Flask, designed in collaboration with Aspinal of London gives a taste of pure elegance, and holds 6 ounces of your favourite tipple.

---

## 5 Year Warranty as standard

We take pride in the quality and durability of our products. Reliability & peace of mind matter to our customers, that's why we've included a 5 Year Warranty, including 5 years of free servicing with every ProFlex DX5 George Digweed Edition. Fulfilling our commitment to offering our customers the best service and support.

I've been using CENS ProFlex digital for my hearing protection for over 10 years. They combine unrivalled performance with flexibility, safety, comfort and style.
For myself, only the very best hearing protection will do, thats why I joined CENS digital as their Brand Ambasador.

# DX5 GEORGE DIGWEED EDITION

## Advanced Hearing Protection With 5 Modes

Featuring 5 digitally optimised modes:
Game, Clay, Range, Wireless Comms, and Hunter, as well as a mute function.

The devices are a lightweight, unobtrusive, super comfortable alternative to the ear muff style of protection. Custom-made to fit the individual contours of your ears, there is simply nothing better.

Featuring an easy to use, advanced, digital multi-switch for easily switching between modes or adjusting the device volume. By using a digital signal processor (DSP) each mode is optimised to the chosen activity and commonly associated ambient surroundings. It also features a digital push button which mutes and switches the device on and off.

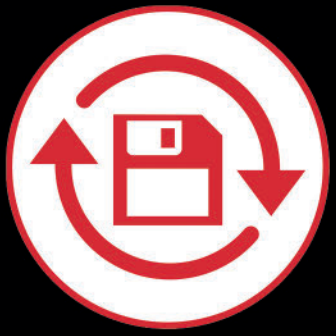

## Vocal Feedback

The devices vocally advise which mode is in use, with alerts when changing between modes, ensuring you are always aware of your selected mode. The device will also alert you when you are at minimum or maximum volume levels, and when the battery becomes low.

---

## Volume & Mode Auto-Save

It will remember your last set volume level and mode selection - even when the device is switched off or the battery is removed. Allowing you to pick up where you left off without the need to set up again.

---

## Wireless Operation

A neck loop is also included for wireless operation. When placed over the head and plugged into any 3.5mm headset socket it will transmit audio to the devices when the Wireless Comms mode is active.

## Optional GD Cartridge Pouch

Designed in collaboration with George Digweed MBE, World Champion Shooter, & CENS digital brand ambassador, this cartridge pouch, is hand made from high quality, durable English leather in the UK by ClayClo.

---

## Optional GD Colour Change Kit

This exclusive colour change kit includes everything you need to change the colour of your devices. This kit will only be available at time of purchase of a ProFlex DX5 George Digweed Edition.

---

## Optional ProFlex Headsets

Custom high quality stereo headset modules designed to fit your ProFlex earpieces for unrivalled flexibility and all day comfort. The newly redesigned Bluetooth headset is our best ever, with greater audio quality and battery life.

# About CENS digital

For over 30 years, CENS digital from Puretone has revolutionised hearing protection, boasting the ultimate in comfort, performance, style and safety. During that time, we've continued to push the boundaries of technology and expectation with our range of state-of-the-art modular earplugs, designed exclusively for shooters.

Today our patented CENS ProFlex DX Series earplugs use digital microprocessors optimised & programmed by experienced shooters and technicians. Packed with the latest performance features, they include the newest & most advanced cutting edge technology on the market today.

And because we never compromise on quality, you can be confident you'll never need to compromise your shoot. All CENS digital products are rigorously tested to EN352 standards & CE marked as Category III PPE, feature Water Shield hydrophobic protection, and come with a 2 year warranty as standard. We have taken this warranty a step further with the ProFlex DX5 George Digweed Edition by offering a 5 year warranty as standard.
