10A European to IEC Power Cable (2m)

10 amp rated EU (Schuko) to C13 (IEC60320) power cable, this 2 metre long black PVC cable is rated to 10A at 250V with an overall voltage rating of 250V AC.

AUDAC25A

10A Male to Female IEC Cable (2m)

10 amp rated C14 female (IEC60320) to C13 male (IEC60320) power cable, this 2 metre long black PVC cable is rated to 10A at 250V with an overall voltage rating of 250V AC.

AUDAC25G

10A UK to IEC Power Cable (2m)

10 amp rated UK (BS 1363) to C13 (IEC60320) power cable, this 2 metre long black PVC cable is rated to 10A at 240V with an overall voltage rating of 240V AC.

AUDAC25F

10A US to IEC Power Cable (2m)

10 amp rated US (NEMA 5-15P) to C13 (IEC60320) power cable, this 2 metre long black PVC cable is rated to 10A at 125V with an overall voltage rating of 125V AC.

AUDAC25D

13 Amp Plug

Rewireable 13 Amp replacement UK 3 pin plug. Supplied individually.

ACC251

13A UK Open Ended Power Supply (3m)

13 amp rated UK (BS 1363) open ended (rewireable) power cable, this 3 metre long black PVC cable is rated to 13A at 240V with an overall voltage rating of 240V AC.

AUDAC25E

50250 Peltor Noise Exclosures

Peltor noise exclosures. Supplied individually.

AUDAC09E

5A UK to IEC Power Cable (2m)

5 amp rated UK (BS 1363) to C13 (IEC60320) power cable, this 2 metre long black PVC cable is rated to 5A at 250V with an overall voltage rating of 300V AC.

AUDAC25B

8pin Mini Din Plug for Otovation Audiometers

8pin mini din plug for otovation audiometers. Supplied individually.

AUDAC37

Adult Easy Adjust Headband

Adult Easy Adjust Headband, for use with TDH 39,49 & DD45. Does NOT include transducers.

AUDAC44

Amplaid/Siemens/Inventis Thermal Paper

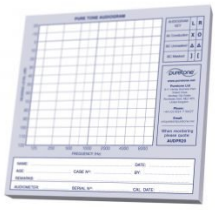

Thermal printer paper designed for use with Amplaid, Siemens, and inventis devices.

AUDPR3

Audiogram Form Pad (100 Pages)

Audiogram form pad for use when recording hearing screening results, with 100 high quality compact audiogram sheets.

AUDPR20

AudioPen Screening Device

The AudioPen is a simple tool for carrying out a quick non medical hearing check.

ACC542A

Celesta Clinical System For Auditory & Vestibular EP

The Inventis Celesta is a versatile, two-channel clinical system designed for comprehensive auditory and vestibular evoked potential (EP) testing. Engineered for flexibility and precision.

INV1004

Chime Bar - Note A

A note tuned chime bar, durable metal bar with a wooden resonator box.

ACC337A

Chime Bar - Note B

B note tuned chime bar, durable metal bar with a wooden resonator box.

ACC337B

Chime Bar - Note C

C note tuned chime bar, durable metal bar with a wooden resonator box.

ACC337C

Chime Bar - Note D

D note tuned chime bar, durable metal bar with a wooden resonator box.

ACC337D

Chime Bar - Note E

E note tuned chime bar, durable metal bar with a wooden resonator box.

ACC337E

Chime Bar - Note F

F note tuned chime bar, durable metal bar with a wooden resonator box.

ACC337F

Chime Bar - Note G

G note tuned chime bar, durable metal bar with a wooden resonator box.

ACC337G

DD65 v2 Audiometric Headset

DD65 v2 Passive Attenuation Audiometric Headset (P4712).

AUDAC43

Economy UK To IEC Mains Lead (2M)

UK to IEC economy mains lead. 2 meters in length.

ACC251B

Floor Stand For Speakers

Floor stand for use with free field speakers.

INV0052F

High Frequency Rattles

Set of 6 plastic high frequency noise rattles.

ACC322

Inventis AEP Basic License

Unlock the full potential of your Inventis device with the Inventis AEP Basic License.

INV1005

Inventis Free Field Speaker

Free field speaker, designed for use with inventis equipment.

INV0052E

Inventis MediCam Extension Cables (5m)

5 metre extension cable for use with the Inventis MediCam.

INV0101A

Inventis Patient Response Switch

Patient response button for Inventis audiometers. Mono plug. Shielded cable 2m.

INV0107

Inventis Power Supply 6V (Non Printer Models)

Power supply for Inventis audiometers and tympanometers (non printer models). 2 metres in length.

INV0021

Inventis Power Supply 6V (Printer Models)

Power supply for Inventis audiometers and tympanometers with printer (6V, 4.16A) printer models. 2 metres in length.

INV0021A

Inventis Soft Carry Case

A soft and protective carry case offering protection to Inventis devices.

INV0103A

Inventis Symphonia Sound Field System

Symphonia creates an immersive and realistic sound environment, enabling patients to experience the benefits of advanced hearing aid features.

INV0024

Inventis Timpani Backup Battery

This backup battery helps maintain essential internal settings and data in the Timpani handheld screening tympanometer.

BATCR1220

Inventis Two-Channel License

Unlock the full potential of your Inventis device with the Inventis Two-Channel License.

INV1007

Inventis VEMP Handheld Patient Monitor

Inventis VEMP Handheld Patient Monitor

INV1006B

Inventis VEMP License

Unlock the full potential of your Inventis device with the Inventis VEMP License.

INV1006A

Jack Plug - Mono (Black)

Mono jack plug, black, for use with audiometers.

AUDAC05C

Jack Plug - Mono (Blue)

Mono jack plug, blue, for use with audiometers.

AUDAC05A

Jack Plug - Mono (Red)

Mono jack plug, red, for use with audiometers.

AUDAC05B

Jack Plug - Stereo (Black)

Stereo jack plug, black, for use with audiometers.

AUDAC06

Passive Speakers Siare Delta 60

Passive speakers Siare Delta 60 (for Inventis Trumpet).

INV0015G

Pivot Type Adjustable Directional

Pivot type adjustable directional wall mount for Jolly 5A speakers.

INV0052H

Plexiglass Light Guide for Inventis Delfino

Clear light guide designed for use with the Delfino Wireless Video Otoscope.

INV0022

Probe Tip Adaptor Kit (Set)

Probe tip adaptor set including: tip, damper and washer.

AUDAC24D

Probe Tip Kit (Set)

The probe tip kit set including: tip and gasket.

AUDAC24E

Replacement Audiocup Lead Assembly

Replacement Audiocup lead assembly. 220 millimeters in length.

AUDAC09F

Right Angled IEC Lead

Right angled IEC lead. UK 3-pin plug to right angled 10A IEC 320 cold condition socket mains lead. The plug has an integral 5A fuse and is manufactured from approved cables and connectors.

AUDAC25C

Trolley For Audiometer/Tympanometer

High quality trolley for audiometers & tympanometers. Designed for use with the Inventis range of audiological devices.

INV0105

USB 2.0 Male USB A to Male USB A Cable (2m)

USB 2.0 rated USB A (male) to USB A (male) data transfer cable, this 2 metre long grey USB 2.0 cable is rated to speeds of up to 480Mb/s.

AUDAC26A

USB A to B Cable

High performance USB A to B cable. 2 metres, black. This cable is designed to interconnect devices with USB interfaces. It is ideal for connecting most computer and audio peripherals to a PC.

AUDAC26B

Audiometer Headsets Cable

Headset cable for use with audiometers, 200cm in length.

AUDAC02D

Inventis Audiometer Speech List

Speech list for use with inventis audiometers.

INV0106

Inventis Bell Diagnostic Audiometer (Plus)

Bell Plus is a diagnostic audiometer, with AC and BC, capable of performing fast and accurate air and bone conduction threshold examination.

INV0002A

Inventis Cello Diagnostic Audiometer

Cello is a computer-controlled diagnostic audiometer, capable of performing fast and accurate air, bone and speech audiometry exams, as well as several additional tests including QuickSIN™, HF audiometry, and video-VRA.

INV0012A

Inventis Cello High-Frequency Extension

Inventis Cello high-frequency extension package.

INV0012C

Inventis Cello Transducer Wall Hanger

Wall hanger for the Inventis Cello transducer, includes screws and wall anchors.

INV0012G

Inventis Cello Video-VRA Extension Package

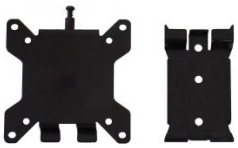

Video-VRA extension package for the Inventis Cello.

INV0012D

Inventis Cello Wall Mount Bracket

This bracket cannot hold audiometric transducers. Screws and anchors included.

INV0012F

Inventis Harp Diagnostic Audiometer (Basic + Printer)

Harp basic with printer is a diagnostic audiometer, capable of performing fast and accurate air, bone and speech audiometric exams.

INV0003B

Inventis Harp Diagnostic Audiometer (Basic)

Harp basic is a diagnostic audiometer, capable of performing fast and accurate air, bone and speech audiometric exams, as well as several additional tests.

INV0003A

Inventis Harp Diagnostic Audiometer (Plus + Printer)

Harp plus with printer is a diagnostic audiometer, capable of performing fast and accurate air, bone and speech audiometric exams, several additional tests, and optionally, TEN and QuickSIN® tests.

INV0003D

Inventis Harp Diagnostic Audiometer (Plus)

Harp plus is a diagnostic audiometer, capable of performing fast and accurate air, bone and speech audiometric exams, several additional tests, and optionally, TEN and QuickSIN® tests.

INV0003C

Inventis Piano Audiometer (Plus + VRA + Printer)

Piano plus VRA with printer is a clinical audiometer offering all the features and tests of the Piano basic, plus multi frequency, high frequency, Bekesy, masking level difference (MLD) and pediatric audiometry capabilities.

INV0004DVRA

Inventis Piano Audiometer (Plus + VRA)

Piano plus VRA is a clinical audiometer offering all the features and tests of the Piano basic, plus multi frequency, high frequency, Bekesy, masking level difference (MLD) and pediatric audiometry capabilities.

INV0004CVRA

Inventis Piano Clinical Audiometer (Basic + Printer)

Piano basic with printer is a clinical audiometer with two separate and independent channels and features a complete battery of tests.

INV0004B

Inventis Piano Clinical Audiometer (Basic)

Piano basic is a clinical audiometer with two separate and independent channels and features a complete battery of tests.

INV0004A

Inventis Piano Clinical Audiometer (Plus + Printer)

Piano plus with printer is a clinical audiometer offering all the features and tests of the Piano basic, plus multi frequency, high frequency, Bekesy and masking level difference (MLD).

INV0004D

Inventis Piano Clinical Audiometer (Plus)

Piano plus is a clinical audiometer offering all the features and tests of the Piano basic, plus multi frequency, high frequency, Bekesy and masking level difference (MLD).

INV0004C

Inventis Piccolo - Soft Carry Case

A soft and protective carry case offering protection to the Piccolo range of portable computer-controlled audiometers.

INV0005G

Inventis Piccolo Portable Audiometer (Plus)

Piccolo plus is a portable computer-controlled audiometer, offering air, bone and speech audiometry functions with AC and BC outputs.

INV0005A

Inventis Piccolo Portable Audiometer (Basic)

Piccolo basic is a portable computer-controlled audiometer, offering air, bone and speech audiometry functions with AC output.

INV0005E

Inventis Piccolo Portable Audiometer (Speech)

Piccolo speech is a portable computer-controlled audiometer, offering air, bone and speech audiometry functions with AC and BC outputs, and includes a 2 channels master hearing aid and QuickSIN™.

INV0005C

Inventis Triangle Bone Conduction Licence

Inventis Triangle bone conduction licence with calibrated bone conduction.

INV0019C

Inventis Triangle Computer Connectivity Licence

Computer connectivity licence for the Inventis Triangle.

INV0019B

Inventis Triangle Portable Screening Audiometer

Triangle is a lightweight, battery-operated screening audiometer which has the capabilities of automatic and manual pure-tone audiometry exams.

INV0019A

Inventis Trumpet Audiometer

Trumpet audiometer is an advanced and easy-to-use system designed to perform AIR, BONE, free field Pure Tone and speech audiometry exams, Hughson-Westlake automated audiometry, QuickSIN™ (opt.), master hearing aid and Stenger.

INV0014A

Inventis Trumpet Audiometer (REM License)

Licence to unlock REM functions to an existing Trumpet advanced audiometer system.

INV0014B

Inventis Trumpet LSX Additional Loudspeaker

LSX additional loudspeaker for Inventis Trumpet.

INV0015E

Inventis Trumpet REM System

Trumpet REM is an advanced and easy-to-use Real Ear Measurement system, designed to fit hearing aids using standard GAIN/RESPONSE measures or Speech mapping.

INV0013A

Inventis Trumpet REM System (Audiometer License)

Licence to unlock audiometer functions to an existing Trumpet Advanced REM system.

INV0013B

Inventis Trumpet REM System + Audiometer

Complete solution combining REM and audiometer functions in one state of the art device.

INV0015A

REM License Trumpet Wireless Audiometer

REM license for Trumpet audiometer + wireless probes.

INV0014BW

Replacement Batteries For Trumpet Wireless REM Probes

Trumpet Wireless Probe Replacement Batteries (CP1654 A3) – Pack of 2.

INV0015J

Soft Carry Case For Trumpet

Soft carry case for protection and storage of Inventis Trumpet.

INV0015B

Trumpet Coupler Kit For RECD

Optional kit with built-in speaker & 2cc coupler.

INV0015F

Trumpet Kit For RECD

Inventis trumpet kit for RECD measurements with loudspeaker function.

INV0015D

Trumpet REM With Wireless Probes

An advanced, yet easy-to-use real ear measurement (REM) system.

INV0013AW

Trumpet Wireless Probe Upgrade Pack

Wireless probe upgrade pack for Inventis Trumpet.

INV0015C

Trumpet Wireless REM & Audiometer

An advanced, yet easy-to-use real ear measurement (REM) system with audiometer functions and wireless probes.

INV0015AW

Wireless REM Probes For Inventis Trumpet

Trumpet's wireless probes are designed to improve patient's comfort and give complete freedom when performing in-situ measurements.

INV0015H

IAC Series 250 Mini Sound Booth

IAC series 250 mini sound booth please contact us for more information or to purchase.

IAC01

IAC Series 401 Sound Booth

IAC series 401 sound booth please contact us for more information or to purchase.

IAC02

Puma PRO28F Screening Sound Booth

Puma PRO28F screening sound booth is available in a wide range of sizes and configurations, please contact us for more information.

PUM28002

Puma PRO35F Diagnostic Sound Booth

Puma PRO35F diagnostic sound booth is available in a wide range of sizes and configurations, please contact us for more information.

PUM35001

QS1 Audiometric Testing Booth

QS1 audiometric testing booth please contact us for more information or to purchase.

QS1

AudioPen Screening Device

The AudioPen is a simple tool for carrying out a quick non medical hearing check.

ACC542A

Inventis Drum HIT Box

Drum is a hearing instrument test box (HIT) capable of an impressive ambient sounds attenuation, and featured with all the standard tests for evaluating performances of air conduction hearing aids.

INV0017A

TES-1350 Sound Level Meter

Extremely accurate sound level meter for noisy areas. Features a range from 35dB to 130dB, maximum hold function, aux output jacks and back-screw tripod feature.

SLM1

Tuning Fork (1024Hz)

1024Hz tuning fork manufactured from high quality aluminium. This tuning fork delivers a clear and sustained tone.

ACC132C

Tuning Fork (128Hz)

128Hz tuning fork manufactured from high quality aluminium. This tuning fork delivers a clear and sustained tone.

ACC132

Tuning Fork (2048Hz)

2048Hz tuning fork manufactured from high quality aluminium. This tuning fork delivers a clear and sustained tone.

ACC132D

Tuning Fork (256Hz)

256Hz tuning fork manufactured from high quality aluminium. This tuning fork delivers a clear and sustained tone.

ACC132A

Tuning Fork (4096Hz)

4096Hz tuning fork manufactured from high quality aluminium. This tuning fork delivers a clear and sustained tone.

ACC132E

Tuning Fork (512Hz)

512Hz tuning fork manufactured from high quality aluminium. This tuning fork delivers a clear and sustained tone.

ACC132B

Tuning Fork, Economy (4096Hz)

4096Hz economy tuning fork. This tuning fork delivers a clear and sustained tone.

ACC132G

Tuning Forks (Set of 6)

Set of 6 tuning forks supplied in a wooden case. Includes: 128Hz, 256Hz, 512Hz, 1024Hz, 2048Hz & 4096Hz.

ACC131

E-A-RLINK Infant Tips - 3.5mm (20 Pack)

Disposable, single-use, red PVC eartip with black tube for use with E-A-RTONE 3A and 5A insert earphones. Supplied in packs of 20.

AUDAC38

E-A-RLINK Infant Tips - 4mm (20 Pack)

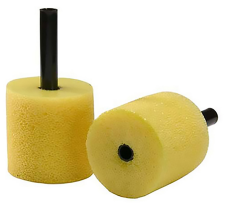

Disposable, single-use, red PVC eartip with black tube for use with E-A-RTONE 3A and 5A insert earphones. Supplied in packs of 20.

AUDAC18M

E-A-RTONE 3A Foam Tips (750 Value Pack)

3A standard foam tips for E-A-RTONE earphones. Value pack of 750 (2 x 350 & 1 x 50) tips per box.

AUDAC18L

E-A-RTONE 3A Replacement Cable Assembly

E-A-RTONE 3A replacement cable assembly. 230 centimeters in length. Supplied individually.

AUDAC18Q

E-A-RTONE 3B Foam Tips (750 Value Pack)

3B standard foam tips for E-A-RTONE earphones. Value pack of 750 (2 x 350 and 1 x 50) tips per box.

AUDAC18N

E-A-RTONE Foam Tips - 3A Standard (50 Pack)

3A standard E-A-RTONE foam ear tips. Supplied in a pack of 50.

AUDAC18A

E-A-RTONE Foam Tips - 3B Small (50 Pack)

3B small E-A-RTONE foam ear tips. Supplied in a pack of 50.

AUDAC18B

E-A-RTONE Foam Tips - 3C Jumbo (24 Pack)

3C jumbo E-A-RTONE foam ear tips. Supplied in a pack of 24.

AUDAC18C

E-A-RTONE Impedance Tip Adaptors (Pair)

E-A-RTONE impedance tip adaptor. Supplied as a pair.

AUDAC18F

ER-3C Extra Insert Earphone

10 ohm ER-3C insert earphones. 213cm cable length.

INV0052K

ER-3C Insert Earphones (10ohm)

10 ohm ER-3C insert earphones. 213cm cable length.

AUDAC23-10

ER-3C Insert Earphones (50ohm)

50 ohm ER-3C insert earphones. 213cm cable length.

AUDAC23-50

ER-3C Insert Earphones Upgrade

10 ohm ER-3C insert earphones. 213cm cable length.

INV0052J

ER-3C Replacement Cable (10ohm & 50ohm)

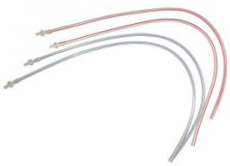

ER-3C Replacement Cable (10ohm & 50ohm).

AUDAC23A

ER-3C Replacement Sound Tube

ER-3C replacement sound delivery tube for etymotic auditory testing products.

AUDAC23B

Inventis High Frequency Headphones

High frequency headphones for use with Inventis equipment.

INV0053

Inventis IME-100 Insert Masking Earphone

IME-100 insert masking earphone, optional accessory with Bell and Harp audiometers.

INV0052C

Inventis Impedance Tips - Blue, 14mm (30 Pack)

Blue, 14mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104F

Inventis Impedance Tips - Green, 10mm (30 Pack)

Green, 10mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104D

Inventis Impedance Tips - Light Blue, 18mm (30 Pack)

Light Blue, 18mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104H

Inventis Impedance Tips - Orange, 16mm (30 Pack)

Orange, 16mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104G

Inventis Impedance Tips - Pink, 7mm (30 Pack)

Pink, 7mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104B

Inventis Impedance Tips - Red, 12mm (30 Pack)

Red, 12mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104E

Inventis Impedance Tips - Violet, 8mm (30 Pack)

Violet, 8mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104C

Inventis Impedance Tips - White, 6mm (30 Pack)

White, 6mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104A

Inventis Impedance Tips - Yellow, 21mm (30 Pack)

Yellow, 21mm, colour coded impedance tips for inventis tympanometers. Supplied in a pack of 30.

INV0104J

Inventis Real Ear Probe Tubes (Pack of 40)

Inventis real ear probe tubes. Supplied in a pack of 40.

INV0104L

DD65 v2 Audiometric Headset

DD65 v2 Passive Attenuation Audiometric Headset (P4712).

AUDAC43

TDH 39/49 Headband

Headband for TDH39/49 earphones. Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC08

TDH39 Earphone Set (Without Headset Cable)

TDH39 earphone set without headset cable. Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC10A

TDH39 Earphones (Pair)

Matched pair of TDH39 earphones. Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC10

TDH39 Mono Earphone Set (With Headset Cable)

TDH39 mono earphone set with headset cable. Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC10BM

TDH39 Stereo Earphone Set (With Headset Cable)

TDH39 stereo earphone set with headset cable. Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC10BS

TDH49 Earphone Set (Without Headset Cable)

TDH49 earphone set without headset cable. Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

TDH50 Earphones (Matched Pair)

Matched pair of TDH50 earphones.Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC12

Audiocups Replacement Cushion

Replacement cushion for pefect fitting to Audiocups. Supplied individually.

AUDAC09C

Audiocups Replacement Headband

Replacement headband designed for Audiocups. Supplied individually.

AUDAC09D

DD-45 Earphones 10ohm Matched Pair

Matched pair of 10ohm DD-45 earphones.Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC10C

DD-45 Mono Earphones & Headset

Mono DD-45 earphones and headset.Feel free to contact audiology@puretone.net before ordering to discuss your requirements.

AUDAC10DM

DD-45 Paediatric Mono Earphones & Headset Cable

Mono DD-45 earphones & headband for children for air conduction receiver DD45. Type HB3100. Easily adjustable, softly padded headband. Excellent quality, robust design, easy handling and cleaning.

AUDAC40

Headset Cable - With 2 Stereo Plugs

Headset cable with 2 stereo plugs. 100 centimeters in length. Supplied individually.

AUDAC02C

Insert Earphone

Consists of insert earphone, cord and jack plug.

AUDAC20

MX-41/AR Cushion

One piece molded MX41/AR audiometer ear cushion.

AUDAC13

Paediatric Easy Adjust Headband For DD45

Headband for children for air conduction receiver DD45. Type HB3100. Easily adjustable, softly padded headband. Excellent quality, robust design, easy handling and cleaning.

AUDAC39

Patient Response Switch (Mono)

Audiometer patient response switch, mono plug type.

AUDAC14A

Patient Response Switch (Stereo)

Audiometer patient response switch, stereo plug type.

AUDAC14B

Probe Tip Kit for Inventis

Probe tip kit for inventis tympanometers includes: probe tip + probe ferrule + seal.

INV0108

TDH39 Paediatric Mono Earphones & Headset Cable

Mono TDH39 earphones & headband for children for air conduction receiver TDH39. Easily adjustable, softly padded headband. Excellent quality, robust design, easy handling and cleaning.

AUDAC41

Handheld Support for Tympanometer Probes

The probe holder allows you to use the Inventis clinical probe for middle-ear analysis as a distal probe.

INV0008

Inventis Clarinet Tympanometer (Basic + Printer)

Clarinet basic with printer is a clinical middle ear analyser, featuring all the tests needed for accurate investigation of disorders.

INV00013B

Inventis Clarinet Tympanometer (Basic)

Clarinet basic is a clinical middle ear analyser, featuring all the tests needed for accurate investigation of disorders.

INV00013A

Inventis Clarinet Tympanometer (Plus + Printer)

Clarinet plus with printer is a clinical middle ear analyser, featuring multi-frequency (with 678, 800 and 1000 Hz probe tones) and multi-component (Y, B and G) tympanometry.

INV00013D

Inventis Clarinet Tympanometer (Plus)

Clarinet plus is a clinical middle ear analyser, featuring multi-frequency (with 678, 800 and 1000 Hz probe tones) and multi-component (Y, B and G) tympanometry.

INV00013C

Inventis Flute Diagnostic Tympanometer (Basic + Printer)

Flute basic with printer is a diagnostic middle ear analyser, capable of performing incredibly fast and reliable automatic sequences of tympanometry and reflex threshold tests.

INV0006B

Inventis Flute Diagnostic Tympanometer (Basic)

Flute basic is a diagnostic middle ear analyser, capable of performing incredibly fast and reliable automatic sequences of tympanometry and reflex threshold tests.

INV0006A

Inventis Flute Diagnostic Tympanometer (HF + Printer)

Flute HF with printer is a diagnostic middle ear analyser similar to Basic with additional test: ETF with TM intact: Williams test, ETF with perforated TM: Toynbee test, with customable duration and pressure range.

INV0006F

Inventis Flute Diagnostic Tympanometer (HF)

Flute HF is a diagnostic middle ear analyser similar to Basic with additional test: ETF with TM intact: Williams test, ETF with perforated TM: Toynbee test, with customable duration and pressure range.

INV0006E

Inventis Flute Diagnostic Tympanometer (Plus + Printer)

Flute plus with printer is a diagnostic middle ear analyser similar to basic with additional tests: tympanometry (manual), acoustic reflex threshold (manual), acoustic reflex decay, eustachian tube function (intact TM).

INV0006D

Inventis Flute Diagnostic Tympanometer (Plus)

Flute plus is a diagnostic middle ear analyser similar to basic with additional tests: tympanometry (manual), acoustic reflex threshold (manual), acoustic reflex decay, Eustachian tube function (intact TM).

INV0006C

Inventis Timpani Headset For PTA (DD-45)

DD45 complete headset for audiometers. The headphones must be calibrated before use. Includes transducers, headband and cables.

INV0018H

Inventis Timpani - Patient Response Button

Patient response button for Pure Tone audiometry with Inventis Timpani.

INV0018K

Inventis Timpani 1kHz Probe Tone License

This license enables the possibility to test tympanometry using 1 kHz probe tone with Inventis Timpani handheld tympanometer.

INV0018D

Inventis Timpani Backup Battery

This backup battery helps maintain essential internal settings and data in the Timpani handheld screening tympanometer.

BATCR1220

Inventis Timpani Bluetooth Thermal Printer

Print your exam results directly from the device thanks to the thermal portable mini printer. Featuring advanced communication with Timpani is wireless, via Bluetooth connection.

INV0018C

Inventis Timpani Docking Station

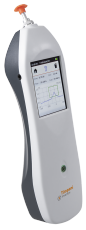

Docking station for Inventis Timpani, ideal to house the device, to recharge the battery faster and to transfer data to the PC at the same time.

INV0018B

Inventis Timpani Handheld Tympanometer

Timpani is a handheld tympanometer offering automatic tympanometry and ipsilateral acoustic reflex test, as well as screening pure tone audiometry.

INV0018A

Inventis Timpani Reflex License Basic (Stimuli @ 1kHz)

This license enables the possibility to perform acoustic reflex tests with your Inventis Timpani handheld tympanometer.

INV0018E

Inventis Timpani Reflex License Plus

This license enables the possibility to perform acoustic reflex tests with your Inventis Timpani handheld tympanometer. This plus license conducts ipsilateral acoustic reflex tests with stimuli at 0.5, 1, 2 and 4 kHz.

INV0018F

Inventis Timpani Screening PT Audiometry Package

Inventis Timpani screening PT audiometry extension package.

INV0018G

Inventis Viola Combination Unit (Basic + Printer)

Viola basic with printer combines a screening middle ear analyser offering tympanometry and reflex tests, with a diagnostic audiometer capable of performing threshold and speech examinations in AC and BC.

INV0007B

Inventis Viola Combination Unit (Basic)

Viola basic combines a screening middle ear analyser offering tympanometry and reflex tests, with a diagnostic audiometer capable of performing threshold and speech examinations in AC and BC.

INV0007A

Inventis Viola Combination Unit (Plus + Printer)

Viola plus with printer combines a screening middle ear analyser for tympanometry and reflex tests with a diagnostic audiometer for threshold and speech examinations in AC and BC, plus acoustic reflex decay.

INV0007D

Inventis Viola Combination Unit (Plus)

Viola plus combines a screening middle ear analyser offering tympanometry and reflex tests, with a diagnostic audiometer capable of performing threshold and speech examinations in AC and BC, and acustic reflex decay capability.

INV0007C

Labat Epic Plus - ABR Electrodes

ABR electrodes for Labat epic plus tympanometer. 220 millimeters in length. Supplied individually.

LAB008

Inventis Harmonica Digital Video Otoscope

Harmonica is a digital video otoscope that allows to conduct comprehensive ear examinations with exceptional clarity and efficiency.

INV0023

Welch Allyn 3mm Disposable Specula (100 Pack)

Welch Allyn 3mm Disposable Specula (100 Pack). Compatible with Dino-Lite models.

AUDAC22B

Welch Allyn 3mm Disposable Specula (500 Pack)

Welch Allyn 3mm Disposable Specula (500 Pack). Compatible with Dino-Lite models.

ACC142A

Westone LED Earlight - Replacement Tip

Replacement tip for the Westone range of LED earlights.

ACC140B

Dreve Otoform A Flex Impression Material

Otoform A flex Impression material with a pasty consistency that is also absolutely thixotropic and does not flow out of the ear.

ACC538B

Detax Addition Protect Impression Material

Fast and effective impression silicone particularly for use in noise protection.

ACC433

Detax Flextime Impression Material

Fast setting impression material with a pleasing wild berry fragrance. Supplied in 8 x 50ml AM1 cartridges. Takes approx. 50 impressions.

ACC135P

Detax Impression Material (Bundle)

Containing a few of our favourite products for impression taking: PureSil Pro (8 x 50ml) | Vario-mix gun | pink mixing tips (25 pack).

ACC135-BUN

Detax Pink Mix Impression Material

Versatile impression silicone: medium consistency, no drips, fast set, easy removal, visual level control. Great value, high detail, tear-resistant. A-silicone, bio-compatible, 38 shore A hardness.

ACC135G-PINK

Detax Rapid Impression Material

Rapid-set ear impression material, with colour change technology.

ACC481

Detax Spectra Impression Material

Light and soft impression material for completely pressure-free impression taking that provides ultimate detail reproduction.

ACC425B

Detax Spectra Impression Material (Starter Kit)

Light and soft impression material for completely pressure-free impression taking that provides ultimate detail reproduction.

ACC425B-SK

Detax Supra Plus Impression Material

2-part, self-mixing impression material suitable for CIC or narrow auditory canal ear impressions. (8 x 50ml AM1).

ACC135J

Detax Ultra Impression Material

Premium general-purpose impression material: soft-smooth, thixotropic, and drip-free. Exceptional detail, high elastic recovery, bio-compatible. Medium viscosity, 3:00 min in the ear, 37 shore A hardness, light blue.

ACC135C

Dreve Otoform A Soft Impression Material

Otoform A soft The impression material has a pasty consistency, but is at the same time absolutely thixotrope-stable. Consequently, it does not flow out of the ear.

ACC538C

Dreve Otoform A SoftX Impression Material

Otoform A softX Addition-vulcanizing ear impression silicone with a pasty consistency. Otoform A softX is particularly suitable for deep ear impressions.

ACC538D

Dreve Otoform AK Impression Material

Otoform Ak The first non-sticky, kneadable ear impression silicone for the slightly pressure-forming impression technique in double cartridges. For fast, secure and hygienic impression taking.

ACC538E

Dreve Otoform Xpand Impression Material

Otoform Xpand The addition-vulcanizing Otoform Xpand expands gently in the ear during impression taking.

ACC538H

Impression Bite (25 Pack)

Used to hold the jaw open while an ear impression is taken. Supplied in packs of 25.

ACC327A

PureSil Pro Impression Material

PureSil Pro is formulated by market leader Detax, this material is an ultra-fast setting material, perfected by years of research.

ACC480

Sample Detax Addition Protect Impression Material

Sample pack of Detax Addition Protect impression material.

Sample PureSil II Impression Material

Sample pack of Puretone PureSil II impression material.

IMPSAMP011

Heine Beta 400 Fibre Optic LED Otoscope

Exceptional durability combined with Heine's highest 4.2x magnification. LEDHQ provides particularly bright illumination.

ACC134Z

Heine Beta 400 Fibre Optic XHL Otoscope

The Heine Beta 400 fibre optic otoscope is the most advanced high quality otoscope making more details visible.

ACC133Y

Heine Mini 2000 FO. Otoscope - Replacement Bulb (#037)

Replacement bulb #037 for the Heine Mini 2000 fibre optic otoscope.

ACC134D

Heine Mini 2000 FO. Otoscope – Replacement Lens

Replacement lens for the Mini 2000 fibre optic otoscope.

ACC133L

Heine Mini 2000 Otoscope - Replacement Bulb (#056)

Replacement bulb #056 for the Heine Mini 2000 otoscope.

ACC134C

Heine Mini 2000 Otoscope – Replacement Lens

Replacement lens for the Heine Mini 2000 otoscope.

ACC133K

Heine Mini 3000 - Replacement Battery Cap

Replacement battery cap for the Mini 3000 fibre optic models.

ACC133Q

Heine Mini 3000 - Replacement Handle

Replacement handle for the Mini 3000 fiber optic models.

ACC133R

Heine Mini 3000 FO. Otoscope - Replacement Head

Replacement head for the Mini 3000 fiber optic otoscope.

ACC133S

Heine Mini 3000 LED Fibre Optic Otoscope

Compact otoscope with especially bright illumination and authentic colour rendering due to Heine LEDHQ technology (no need to ever exchange the LED). Exclusive design. Sturdy housing.

ACC133T1

Heine Mini 3000 LED FO. Otoscope - Replacement Head

Replacement head for the Heine Mini 3000 LED fibre optic otoscope.

ACC133U

Heine Mini 3000 LED Otoscope

Compact otoscope with direct LED illumination. Natural colour rendering, no need to ever exchange the LED. Exclusive design. Sturdy housing.

ACC133M1

Heine Mini 3000 LED Otoscope Head Only

Compact otoscope head with direct LED illumination. Natural colour rendering, no need to ever exchange the LED. Exclusive design. Sturdy housing.

ACC133P1

Heine Mini 3000 Otoscope - Replacement Bulb (#110)

Replacement bulb #110 for the Heine Mini 3000 otoscope.

ACC134R

Heine Mini 3000 Replacement Bulb (#105)

Replacement bulb #105 for the Heine Mini 3000 fibre optic otoscope.

ACC134S

Heine ML4 LED Headlight (2.5x)

The Heine ML4 LED headlight is specially designed for healthcare professionals who need a perfect view during long surgical operations or treatments.

ACC133HR2.5

Heine ML4 LED Headlight (4.0x)

The Heine ML4 LED headlight is specially designed for healthcare professionals who need a perfect view during long surgical operations or treatments.

ACC133HR4

Heine ML4 LED Headlight (6.0x)

The Heine ML4 LED headlight is specially designed for healthcare professionals who need a perfect view during long surgical operations or treatments.

ACC133HR6

Heine ML4 Rechargeable Battery Pack

Rechargeable battery for OMEGA500 indirect binocular ophthalmoscope UNPLUGGED and ML4 LED headlight UNPLUGGED (system voltage 6V).

ACC133HR-BAT

Heine NIMH Rechargeable Battery 3.5V

Heine NIMH rechargeable battery 3.5V – the perfect power solution designed for seamless compatibility with the BETA standard size handles.

ACC134Y

Heine Plastic Otoscope Case

Hard case for Heine Mini 3000 pocket otoscope and/or Heine ophthalmoscope.

ACC133-HCASE

Heine Rechargeable Battery For Mini NT

Heine replacement rechargeable battery for the Mini NT system.

Anticer Brush

Handy brush designed for cleaning Anticer wax guards.

AN3

Brush

Brush tool for removing earwax. Supplied individually.

ACC116

Brush & Child Lock Tool

Cleaning brush with built-in child lock removal tool for the PT-4/7 BTE range.

ACC116L

Brush with Magnet & Vent Cleaner

Brush with magnet & vent cleaner. Perfect for cleaning vents and brushing away wax and debris.

ACC117L

CENS ProFlex Brush With Magnet

Brush with strong magnet, designed for use cleaning the CENS ProFlex range of devices.

ACC117G

Cleaning Tool Kit With Battery Tester

Convenient pocked sized multi-tool for hearing aids. Features: magnet, battery tray opener, vent cleaner, wax loop, cleaning brush & battery tester. Also features 2 battery storage compartments.

ACC421

Maintenance Pack

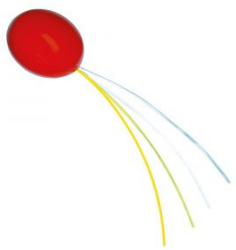

Contains: zippa bag, dehumidifier bag, stetoclip, tubing extractor & threader, blue air puffer, 12x sterile swabs and 5x pre-bent tubes.

ACC302

Multi-Bristle Vent Cleaner

Vent cleaning tool with a selection of multi-sized bristles.

ACC392

OtoFloss Hearing Aid Cleaning Threads (100 Pack)

OtoFloss from Audinell makes it easy to clean & remove debris and moisture from tubing in hearing aids, personal sound amplifiers, and more.

ACC448H

Power Magnet & Wax Loop

Featuring power magnet for removing batteries from hearing systems and wax loop for removing ear wax.

ACC117J

Vac-Clean UV Mini Vacuum Cleaner

Vac-Clean UV® is a rechargeable mini vacuum cleaner with antimicrobial light for added hygiene.

ACC515A

Wax Loop

Wax loop tool for removing earwax. Supplied individually.

ACC114

Wax Loop & Brush

Wax loop with brush. Ideal for cleaning out wax, and brushing away debris.

ACC117C

Wax Loop & Magnet

Wax loop tool with magnet. Supplied individually.

ACC115

Wax Loop, Brush & Magnet

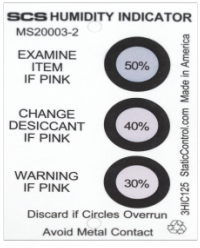

Wax loop with brush and magnet. Ideal for cleaning out wax, brushing away debris and changing batteries.

ACC117B

3-Spot Humidity Card

Humidity detection card with indicators to alert you to a humidity range of 30-50%.

ACC171D

Desiccant

Desiccant pack designed to draw moisture away from sensitive electronics.

ACC171C

DryBoost UV

DryBoost UV is a maintenance system for hearing aids and amplifiers.

ACC504A

Jodi-XL - Hearing Aid Restoration System

Hearing aid restoration system for solving wax and moisture problems. Features 2x 2000 hour-rated vacuum pumps for drawing moisture and debris, while also heating the desiccator.

ACC411A

Jodi-XL Filters (3 Pack)

Replacement filters for the Jodi-XL system (3 pack).

ACC411B

Moisture Control Kit

Contains: static shield bag, desiccant and 3-spot humidity card.

ACC171A

PerfectClean Hearing Aid Cleaning System

The first system to clean, disinfect, and dry hearing aids with a press of a button.

ACC430P

PerfectClean Refil

Cleaning refil for the PerfectClean hearing aid conditioning unit.

ACC430Q

PerfectClean UK Power

UK mains adaptor for thePerfectClean conditioning machine. 150 centimeters in length.

ACC430R

PerfectClean UK Power

UK USB adaptor for thePerfectClean conditioning machine. 60 centimeters in length.

ACC430S

PerfectDome Maintenance System

An electronic medical device designed for dehumidifying all types of hearing aids and their chargers. The PerfectDome also boasts UV-C technology.

ACC540

PerfectDry

Electric drying solution, can hold 2 BTEs with earmoulds, several ITEs, glasses, etc.

ACC430G

PerfectDry EU Power Supply

UK mains adaptor for the PerfectDry conditioning machine. 60 centimeters in length.

ACC430J

PerfectDry Lux

The PerfectDry Lux is an all-in-one UV-C disinfection and forced-air fan drying system, regular use keeps your in-ear devices clean & condensation free, extending their lifespan.

ACC430H2

PerfectDry Lux EU Power Supply

Europe USB adaptor for the PerfectDry Lux conditioning machine. 60 centimeters in length.

ACC430K

PerfectDry Lux UK Power Supply

UK USB adaptor for the PerfectDry Lux conditioning machine. 60 centimeters in length.

ACC430M

PerfectDry UK Power Supply

UK mains adaptor for the PerfectDry conditioning machine. 60 centimeters in length.

ACC430N

PureVac 2 Hearing Aid Vacuum System

The PureVac 2 is a compact, professional system designed for the effective cleaning and drying of in-ear devices.

ACC473B

Static Shield Bag

Static shield bag, designed to protect its contents from static electricity.

ACC171B

AudiClean Spray (115ml)

AudiClean spray is the safer alternative to cotton buds. Made from purified seawater, AudiClean spray gently cleanses the ears by dispersing the earwax.

ACC375E

Cl-ear Ear Relief Ear Drops (7g)

Cl-ear ear relief ear drops effectively soothe and reduce ear pain, itching and inflammation of the outer ear canal with Lidocaine, a surface anaesthetic to further reduce ear pain.

ACC520A

Cl-ear Evaluation Sample Kit

A convenient sample kit designed to showcase the full Cl-ear ear care range in one pack at a reduced cost.

ACC517-KIT

Cl-ear Express Ear Drops (12ml)

Cl-ear express ear drops are the easy way to treat problem ear wax quickly and effectively. The dual action formula contains glycerol to gently soften ear wax & urea hydrogen peroxide.

ACC519A

Cl-ear Express Ear Spray (45ml)

Cl-ear Express Ear Spray is a fast and effective way to treat problem ear wax, in an ergonomically designed, easy to use spray.

ACC519B

Cl-ear Itchy Ears Drops (15ml)

Cl-ear Itchy Ear Drops are specially formulated to provide soothing relief for dry, itchy and irritated ears by deeply moisturising and protecting the delicate skin of the outer ear.

ACC520B

Cl-ear Olive Oil Ear Drops (15ml)

Cl-ear Olive Oil Ear Drops provide a natural, gentle way to treat troublesome ear wax.

ACC517A

Cl-ear Olive Oil Ear Spray (10ml)

Cl-ear olive oil ear spray is a natural and gentle way to treat problem ear wax, in an easy-to-use spray.

ACC518A

Cl-ear Olive Oil Ear Spray (20ml)

Cl-ear olive oil ear spray is a natural and gentle way to treat problem ear wax, in an easy-to-use spray.

ACC518B

Dreve Otoferm Creme, (5g Tube)

Otoferm creme increases wearing comfort, and helps the user to get used to their earmold while also providing additional sealing.

ACC285A

Eargene Ear Lotion, 30ml

Soothing and refreshing ear lotion. Relieves itching ears. Supplied in a 30ml bottle.

ACC286A

Eargene, 15ml

Soothing and refreshing ear lotion. Relieves itching ears. Supplied in a 15ml bottle.

ACC286

Earol Almond Oil Spray, 10ml

Earol Almond Oil Spray is specially formulated to soften and naturally remove earwax, reducing the need for wax removal, and to facilitate removal if necessary.

ACC449B

Earol Olive Oil Spray, 10ml

Earol olive oil spray can be used preventively once a week to aid ear hygiene and maintain healthy ears, it features a dosing system capable of dispensing a the perfect dose into the outer ear.

ACC449

Earol Swim Tea Tree Oil Spray (10ml)

Earol Swim tea tree oil delivers a metered dose of a unique blend of olive oil & tea tree oil into the outer ear.

ACC449A

Odinell Ear Spray (50ml)

Odinell Ear Spray is designed to help you maintain clean and healthy ears. Its gentle isotonic solution with surfactants effectively removes earwax and dirt.

ACC541

Pureclean Gel 5ml

Pureclean gel is an earmould sealant and comfort gel designed for easier insertion and removal of in-ear devices, earpieces and earmoulds. Supplied individually in a 5ml tube.

ACC448B

Air Puffer - Blue

Blue air puffer with metal nozzle used for removing particles and moisture from in ear devices and tubing after cleaning.

ACC121

Pureclean Cleaning Cup

The Pureclean ceaning cup was designed for use with Pureclean cleaning tablets, used regularly they can easily remove earwax accumulated through normal wear.

ACC448E

Pureclean Cleaning Spray 30ml

Pureclean cleaning spray is used for regular and complete cleaning of hearing systems, it contains a strong earwax removal solution, it is supplied in a 30ml spray bottle.

ACC448G

Pureclean Cleaning Tablets (20 Pack)

Pureclean cleaning tablets are designed for use with the Pureclean cleaning cup, used regularly they can easily remove earwax accumulated through normal wear.

ACC448F

Pureclean Cleaning Wipes (30 Pack)

Pureclean cleaning wipes are easy to use hygienic cleaning wipes, ideal for quick cleaning or use while traveling, they are supplied individually wrapped in packs of 30.

ACC448A

Pureclean Drying Capsules (4 Pack)

Pureclean drying capsules are designed for use with the Pureclean drying cup, ideal for daily use, they absorb moisture present in hearing systems. Supplied in pack of 4.

ACC448D

Pureclean Drying Cup

The Pureclean drying cup is designed for use with the Pureclean drying capsules, ideal for use everyday, they absorb moisture present in hearing systems, preventing oxidisation.

ACC448C

Pureclean Kit For Hearing Aids & Classic IEMs

Pureclean hygiene kit for hearing sids & classic in ear monitors contains everything needed to start your daily cleaning & maintenance routine, ideal for all types of hearing aids and classic style IEM's.

ACC447A

Pureclean Kit For Noise Protection & Silicone IEMs

Pureclean hygiene kit for noise protection & silicone in ear monitors contains everything you need to get started with your daily cleaning & maintenance routine, ideal for CENS ProFlex and silicone style IEM's.

ACC447B

3M Valved Dust Respirator

Effective for filtration of hazardous particles.

ACC210B

Disposable Polythene Aprons (100 Pack)

Single use polythene aprons. Supplied on a roll of 100.

ACC490

Earphone Cushion Covers (100 Pack)

Single-use earphone cushion covers provide an effective barrier against bacteria, germs, head lice, makeup and bodily fluids. Covers are the ideal size for most standard earphones with a diameter of 13cm or less.

ACC303A

Intco Synguard Nitrile Gloves Large (100 Pack)

Intco large medical examination gloves are a high quality, non-powdered disposable glove which meets full medical test standard, EN455 parts 1 to 4.

ACC432J

Intco Synguard Nitrile Gloves Medium (100 Pack)

Intco medium medical examination gloves are a high quality, non-powdered disposable glove which meets full medical test standard, EN455 parts 1 to 4.

ACC432K

Medi Wipes (100 Pack)

Anti-bacterial individually wrapped wipes. Supplied in a box of 100 wipes.

ACC404

Mikrozid Alcohol Free Wipes Tub (200 Pack)

Disinfectant wipes for the disinfection of medical devices and other environmental surfaces.

ACC511A

Mikrozid Wipes Greenline (1 Pack of 114 Wipes)

Alcohol-based rapid cleaning and disinfection of medical devices and surfaces when short contact times are required and where a material friendly disinfectant is needed. pack of 144 wipes.

ACC511C

Nutouch Nitrile Gloves Large (100 Pack)

NuTouch Blue Nitrile Powder Free Disposable gloves, size Large, are a versatile and reliable choice for everyday hand protection.

ACC432Q

Nutouch Nitrile Gloves Medium (100 Pack)

NuTouch Blue Nitrile Powder Free Disposable gloves, size Medium, are a versatile and reliable choice for everyday hand protection.

ACC432P

Omnitex 3-Ply IIR Disposable Face Masks (50 Pack)

Omnitex 3-ply premium type IIR disposable surgical face mask, supplied in packs of 50.

ACC503A

Puretone 3-Ply Anti-Microbial Face Mask

3-ply reusable fabric mask with anti-microbial finish.

ACC502A

Ear Model Display - Replacement Right Ear

Replacement right ear for ear model display set.

ACC219J

Ear Model Display (Set of 3)

Set of ear model displays, 9.5, 11.5, & 16.5cm. Ideal for shop windows and reception areas.

ACC219A

Silicone Ear Impression - Left (Blue)

Left and right ear impressions designed to fit silicone ear models (ACC137A/B).

ACC138A

Silicone Ear Impression - Right (Red)

Left and right ear impressions designed to fit silicone ear models (ACC137A/B).

ACC138B

Silicone Ear Model (Left Ear)

Silicone ear model of a left ear for shop displays and demonstrations.

ACC137A

Silicone Ear Model (Right Ear)

Silicone ear model of a right ear for shop displays and demonstrations.

ACC137B

CENS DX Display Case

CENS DX display case contains dummy models and colour samples of the CENS DX range.

STAT466H

Elacin Soft Pouch

A soft fabric pouch to protect your custom or universal earplugs. Includes zipper and clip to attach to your bag or belt.

ER-POUCH

Magnet Box Outer (Blue)

Puretone presentation flat pack box, supplied with foam to fit ACC112S presentation case inside. Dimensions: 17cm x 21cm x 5cm.

ACC113N

Presentation Case - Anthracite Grey With Airbag

Grey airbag BTE case without logo. Dimensions: 8.5cm x 6.5cm x 3cm. ITC foam insert available separately.

ACC113S

Presentation Pouch (Small)

Small blue pouch with gold printed Puretone logo. Dimensions: 7cm x 6.5cm x 0.3cm.

ACC112H

Presentation Wallet (CENS)

CENS branded PVC plastic presentation wallet. Dimensions: 15.5cm x 11cm (closed).

ACC112Y

Presentation Wallet (Puretone)

Puretone branded PVC plastic presentation wallet. Dimensions: 15.5cm x 11cm (closed).

ACC112W

ProtectHear Pouch

Plastic black pouch for ProtectHear earpieces. Dimensions: 9cm x 9cm x 0.5cm.

ACC112PH

Puretone Pouch (Blue)

Zipped blue pouch for Puretone products. Dimensions: 10cm x 21cm.

ACC112X-C

Puretone Presentation Case - Blue With Airbag

Puretone presentation case in blue with airbag, supplied with Puretone branded sleeve. Dimensions: 92mm x 70mm x 28mm.

ACC112SW

Puretone PT Small Zip Case

Small Puretone branded zip up hardcase, ideal for storing in-ear devices.

ACC471A

Puretone Utility Bag

Double zipped black and orange carry bag with handle and multiple internal pockets. Dimensions: 22cm x 16cm x 6cm.

ACC413

CENS Display Stand

High quality stand with built in display, can be supplied with custom slides. Ideal for reception desks and shop windows.

ACC451A

Display Box (Noise Protection)

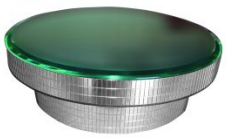

Ideal for shop displays and demonstrations. Supplied in presentation case.

STAT466D

Display Turntable

Stylish mirror diamond effect display turntable. Rotates 360 degrees in both directions.

ACC350

Mirror Go Round

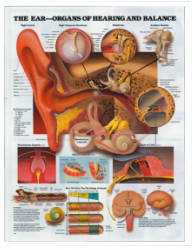

4-panel mirror, perfect for easily checking the fitting of earmoulds and hearing systems. Folds down for easy storage and transport.

ACC444

The Ear (2D) Wall Chart

Durable laminated wall chart, ideal for students and teachers. This ear poster is a great visual guide to the anatomy of the human ear and the mechanism of balance.

ACC166

Wall Display - 3D Ear Organs (A3)

High quality 3D wall display, ideal for demonstrations.

Compact post-curing device for use with Asiga Freeform Pico/Plus systems.

ASIGA0100

Cyfex Secret Ear - 10,000 Decryptions Per Annum

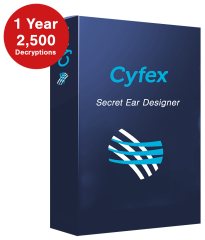

Secret Ear Designer is the high-performance earmold modeling software for the digital manufacture of ear protection, earmolds and in-ear-monitoring systems. This software license enables 10,000 decryptions per annum.

CYF006A

Cyfex Secret Ear - 2,500 Decryptions Per Annum

Secret Ear Designer is the high-performance earmold modeling software for the digital manufacture of ear protection, earmolds and in-ear-monitoring systems. This software license enables 2,500 decryptions per annum.

CYF0001

Cyfex Secret Ear - 5,000 Decryptions Per Annum

Secret Ear Designer is the high-performance earmold modeling software for the digital manufacture of ear protection, earmolds and in-ear-monitoring systems. This software license enables 5,000 decryptions per annum.

CYF0002

Cyfex Secret Ear - One Off Dongle Charge

The Secret Ear Designer dongle provides secure licence access to the Secret Ear Designer software. This is a one off charge for the physical dongle required to access and use the software.

CYF0005

Cyfex Secret Ear - PAYG Top-Up (1000+ Decryptions)

Secret Ear Designer is earmold modeling software for the digital manufacture of ear protection, earmolds and in-ear-monitoring systems. This software license enables pay as you go top up's. Priced per decryption.

CYF0004C

Cyfex Secret Ear - PAYG Top-Up (500-999 Decryptions)

Secret Ear Designer is earmold modeling software for the digital manufacture of ear protection, earmolds and in-ear-monitoring systems. This software license enables pay as you go top up's. Priced per decryption.

CYF0004B

Asiga MAX 2 3D Printer

3D print earmoulds, earshells and ear protection. Asiga 3D printers are optimised to manufacture custom-fit hearing devices from BTE to ITE and from ITC to CIC.

ASIGA0228

Asiga Max Build Tray (1 Litre)

The tray system of the Asiga Max allows for easy changing and refilling of materials. 1 litre.

ASIGA0216

Asiga Max Build Tray (10 Litre)

The tray system of the Asiga Max allows for easy changing and refilling of materials. 10 litres.

ASIGA0219

Asiga Max Build Tray (5 Litre)

The tray system of the Asiga Max allows for easy changing and refilling of materials. 5 litres.

ASIGA0217

Asiga Pico RFID Build Tray (Twin Pack - 1l)

The tray system of the Asiga Max allows for easy changing and refilling of materials. 1 litre.

ASIGA0110

Asiga PRO 4K Endurance Build Tray (5 Litre)

The tray system of the Asiga PRO 4k allows for easy changing and refilling of materials. 5 litres.

ASIGA0229

Asiga PRO 4K UV 3D Printer

3D print earmoulds, earshells and ear protection. Asiga 3D printers are optimised to manufacture custom-fit hearing devices from BTE to ITE and from ITC to CIC.

ASIGA0101

Asiga PRO Build Tray (10 Litre)

The tray system of the Asiga PRO allows for easy changing and refilling of materials. 10 litres.

ASIGA0222

Asiga PRO RFID Build Tray (2 Litres)

The tray system of the Asiga PRO allows for easy changing and refilling of materials. 2 litres.

ASIGA0120

Asiga Material Storage Case

Storage case for transporting and storing Asiga materials.

ASIGA0218

Asiga Max Ultra Gloss Build Tray (1 Litre)

UltraGLOSS™ by Asiga allows you to 3D print clear parts directly with a glossy / pre-polished surface removing the need for manual post-polishing.

ASIGA0221A

Asiga PRO 4K Build Tray Storage Case

The easy-to-use storage system for your Asiga PRO 4K builds trays. Keeps your build trays and resin in perfect condition.

ASIGA0223

Asiga PRO 4K Ultra Gloss Build Tray (2 Litres)

UltraGLOSS™ by Asiga allows you to 3D print clear parts directly with a glossy / pre-polished surface removing the need for manual post-polishing.

ASIGA0221

Detax Cast Separator (500ml)

Separating agent for an effective isolation of cast forms.

PRO153A-500

Scraper For Asiga Printers

To aid in the removal of 3D prints from the printer bed.

ASIGA0130

Detax Luxaprint 3D Mould - Blue (1000g)

UV premium resin, for the manufacture of hard earmoulds and hearing protection (light spectrum UV 378-388 nm) and biocompatible.

PRO152J-1000

Detax Luxaprint 3D Mould - Clear (1000g)

UV premium resin, for the manufacture of hard earmoulds and hearing protection (light spectrum UV 378-388 nm) and biocompatible.

PRO152F-1000

Detax Luxaprint 3D Mould - Clear (500g)

UV premium resin, for the manufacture of hard earmoulds and hearing protection (light spectrum UV 378-388 nm) and biocompatible.

PRO152F-500

Detax Luxaprint 3D Mould - Red (1000g)

UV premium resin, for the manufacture of hard earmoulds and hearing protection (light spectrum UV 378-388 nm) and biocompatible.

PRO152H-1000

Detax Luxaprint 3D Mould - Rose (1000g)

UV premium resin, for the manufacture of hard earmoulds and hearing protection (light spectrum UV 378-388 nm) and biocompatible.

PRO152G-1000

Detax Luxaprint 3D Mould - Rose (500g)

UV premium resin, for the manufacture of hard earmoulds and hearing protection (light spectrum UV 378-388 nm) and biocompatible.

PRO152G-500

Detax Luxaprint 3D Shell - Beige (1000g)

UV premium resin, for manufacturing of hard ITE shells (light spectrum UV 378-388 nm) and biocompatible.

PRO152E-1000

Detax Luxaprint 3D Shell - Beige (500g)

UV premium resin, for manufacturing of hard ITE shells (light spectrum UV 378-388 nm) and biocompatible.

PRO152E-500

Detax Luxaprint 3D Shell - Black (1000g)

UV premium resin, for manufacturing of hard ITE shells (light spectrum UV 378-388 nm) and biocompatible.

PRO152Q

Detax Luxaprint 3D Shell - Clear (1000g)

UV premium resin, for manufacturing of hard ITE shells (light spectrum UV 378-388 nm) and biocompatible.

PRO152A-1000

Detax Luxaprint 3D Shell - Clear (500g)

UV premium resin, for manufacturing of hard ITE shells (light spectrum UV 378-388 nm) and biocompatible.

PRO152A-500

Detax Luxaprint 3D Shell - Rose (1000g)

UV premium resin, for manufacturing of hard ITE shells (light spectrum UV 378-388 nm) and biocompatible.

PRO152B-1000

Detax Luxaprint 3D Shell - Rose (500g)

UV premium resin, for manufacturing of hard ITE shells (light spectrum UV 378-388 nm) and biocompatible.

PRO152B-500

Detax Luxaprint Cast - Green Transparent (1000g)

UV curing resin (wavelength 385 nm) for generative manufacturing of cast forms and manufacturing of silicone earmoulds.

PRO152K-1000

Detax Luxaprint Shellac - Black (50ml)

Black UV curing shellac for the surface sealing of hard earmoulds. Supplied in 50ml bottles.

PRO155H-50

Detax Luxaprint Shellac - Blue (100ml)

Blue UV curing shellac for the surface sealing of hard earmoulds. Supplied in 100ml bottles.

PRO155A-100

Detax Luxaprint Shellac - Blue (50ml)

Blue UV curing shellac for the surface sealing of hard earmoulds. Supplied in 50ml bottles.

PRO155A-50

Detax Luxaprint Shellac - Brown (100ml)

Brown UV curing shellac for the surface sealing of hard earmoulds. Supplied in 100ml bottles.

PRO155G-100

Detax Luxaprint Shellac - Brown (50ml)

Brown UV curing shellac for the surface sealing of hard earmoulds. Supplied in 50ml bottles.

PRO155G-50

Detax Luxaprint Shellac - Green (100ml)

Green UV curing shellac for the surface sealing of hard earmoulds. Supplied in 100ml bottles.

PRO155C-100

Detax Luxaprint Shellac - Green (50ml)

Green UV curing shellac for the surface sealing of hard earmoulds. Supplied in 50ml bottles.

PRO155C-50

Detax Luxaprint Shellac - Orange (50ml)

Orange UV curing shellac for the surface sealing of hard earmoulds. Supplied in 50ml bottles.

PRO155D-50

Detax Luxaprint Shellac - Red (50ml)

Red UV curing shellac for the surface sealing of hard earmoulds. Supplied in 50ml bottles.

PRO155E-50

Detax Luxaprint Shellac - Violet (100ml)

UV curing. For surface sealing of hard earmoulds.

PRO155F-100

Detax Luxaprint Shellac - Violet (50ml)

UV curing. For surface sealing of hard earmoulds.

PRO155F-50

Detax Luxaprint Shellac - Yellow (50ml)

Yellow UV curing shellac for the surface sealing of hard earmoulds. Supplied in 50ml bottles.

PRO155B-50

Detax Luxaprint Shellac (100ml)

Clear UV curing shellac for the surface sealing of hard earmoulds. Supplied in 100ml bottles.

PRO154A-100

Detax Luxaprint Shellac (300ml)

UV curing acrylic lacquer for permanent surface sealing of generative manufactured earmoulds made of (meth)acrylate.

PRO154A-300

Luxaprint 3D Flex UV Lacquer-100ml

Luxaprint 3D Flex Coat laquer provides a protective coat for materials made of Luxaprint® 3D flex.

PRO152N-100

Luxaprint 3D Flex UV Resin (1000g)

The Luxaprint Flex is a 3D print resin with a high elastic recovery, high tear resistance, extremely impact-resistant and dimensionally stable.

PRO152M-1000

Detax Medicalprint Coat - 100ml

This light-curing, one-component lacquer is designed for Nobreak earmoulds, offering a transparent finish that provides strong adhesion for long-lasting results.

PRO162

Detax Medicalprint Nobreak, Beige - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160C

Detax Medicalprint Nobreak, Black - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160B

Detax Medicalprint Nobreak, Blue Transparent - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160M

Detax Medicalprint Nobreak, Brown - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160F

Detax Medicalprint Nobreak, Clear - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160E

Detax Medicalprint Nobreak, Dark Brown - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160G

Detax Medicalprint Nobreak, Dark Grey - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160J

Detax Medicalprint Nobreak, Green Opaque - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160L

Detax Medicalprint Nobreak, Light Beige - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160D

Detax Medicalprint Nobreak, Light Grey - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160K

Detax Medicalprint Nobreak, Medium Brown - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160H

Detax Medicalprint Nobreak, Neon Yellow - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160N

Detax Medicalprint Nobreak, Purple - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160P

Detax Medicalprint Nobreak, Red Transparent - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160Q

Detax Medicalprint Nobreak, Rose - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160R

Detax Medicalprint Nobreak, Rose Orange - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160S

Detax Medicalprint Nobreak, Skin - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160A

Detax Medicalprint Nobreak, White - 1000g

Nobreak is a game-changing, MDR-certified 3D printing resin designed for all in-ear applications including hearing aids, hearing protection, ITE shells and in-ear monitors.

PRO160T

Detax Medicalprint Rapid Cast - 1000g

This innovative blue-transparent 3D UV-curing resin (wavelength 385 nm) is designed for generative manufacturing of cast forms, such as silicone earmoulds, and enables tool-free removal after casting.

PRO161

Asiga Pico PLAS 3D Material - PlasGRAY (0.5l)

500ml material pack for Asiga Pico 3D printers.

ASIGA0203

Asiga Pico PLAS 3D Material - PlasPINK (0.5l)

500ml material pack for Asiga Pico 3D printers.

ASIGA0204

Asiga PRO PLAS 3D Material - FusionGRAY (1l)

1000ml material pack for Asiga PRO 3D printers.

ASIGA0208

Asiga PRO PLAS 3D Material - FusionGRAY (500ml)

500ml material pack for Asiga PRO 3D printers.

ASIGA0207

Asiga PRO PLAS 3D Material - PlasCLEAR (1l)

1000ml material pack for Asiga PRO 3D printers.

ASIGA0209

Asiga PRO PLAS 3D Material - PlasGRAY (1l)

1000ml material pack for Asiga PRO 3D printers.

ASIGA0210

Asiga PRO PLAS 3D Material - PlasPINK (1l)

1000ml material pack for Asiga PRO 3D printers.

ASIGA0211

Asiga PRO PLAS 3D Material - PlasWHITE (1l)

1000ml material pack for Asiga PRO 3D printers.

ASIGA0212

Asiga PRO PLAS 3D Material - SuperCast V3 (1l)

1000ml material pack for Asiga PRO 3D printers.

ASIGA0213

MedicalPrint Mould Clear Version 2

Light curing resin for the 3D printing of earmoulds, in-ear-monitoring & ITE shells.

PRO159A

Smart Optics 3D Scanner Extended Warranty

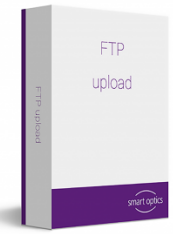

Warranty + 12 months, valid from the 3rd year of delivery date.

SMART005

Smart Optics 3D Scanner FTP Module

Software module for the automatic upload of your scan data to an FTP server.

SMART004

Smart Optics DS Production 3D Scanner

DS Production is a 3D scanner for fast and easy digitalisation of models of impression. The robust metal housing and the use of high-quality optical and mechanical components make the scanner particularly suitable for continuous use under production conditions.

SMART002

Smart Optics Duo Scan Desktop 3D Scanner

Generate precise 3D data of impressions in the easiest possible way.

SMART001

Smart Optics Free Stage 3D Scanner

The Free Stage was developed for quality-conscious audiologists and is the ideal solution for trend-oriented shops.

SMART014

Smart Optics Mono Scan Shop 3D Scanner

Simple and precise: generation of 3D data of models of the ear impression. Mono Scan is the ideal in-store solution for audiology.

SMART003

Effica E1 Professional Ultrasonic Cleaner

For optimal instrument processing during the infection control cycle, it's critical that every instrument be ultrasonically cleaned for the same amount of time... Every time.

ACC235D

Ultrasonic Cleaner III

The Ultrasonic Cleaner III is a ultrasonic cleaner featuring a large 2 litre tank.

ACC235E

Audimed Communicator 2 - Replacement Pouch

Replacement pouch for the Audimed Communicator 2.

ACC113Z-2

Audimed Communicator 2 (Black)

Audimed Communicator 2 is a lightweight stetoclip incorporating a high quality amplifier with built-in microphone.

COMM-2-BK

Audimed Communicator 2 (Blue)

Audimed Communicator 2 is a lightweight stetoclip incorporating a high quality amplifier with built-in microphone.

COMM-2-BL

Audimed Communicator 2 (Clear)

Audimed Communicator 2 is a lightweight stetoclip incorporating a high quality amplifier with built-in microphone.

COMM-2-CL

Audimed Communicator 2 (Red)

Audimed Communicator 2 is a lightweight stetoclip incorporating a high quality amplifier with built-in microphone.

COMM-2-RD

Audimed Communicator 2 (White)

Audimed Communicator 2 is a lightweight stetoclip incorporating a high quality amplifier with built-in microphone.

COMM-2-WH

Neck Loop - Black (Stereo)

Induction neck loop for covert communication with an earpiece.

NL-STEREO-SET

Portable Loop System - External Microphone

External microphone for the portable loop system.

ACC338B

Portable Loop System IL-PL20-2

A complete self contained portable loop system that provides an instant local loop facility for communication to the hearing impaired.

ACC338A

Portable Loop System IL-PL20-2 UK Power Supply

UK power supply for PL20 portable loop system. 120 centimeters in length.

ACC338L

Under Counter Loop Kit (Halo Mic)

The “under the counter” loop kit provides clear communication with hearing aid wearers, especially where high background noise is a problem or clear speech is restricted.

ACC338N

Under Counter Loop Kit (Mouse Mic)

The “under the counter” loop kit provides clear communication with hearing aid wearers, especially where high background noise is a problem or clear speech is restricted.

ACC338P

Earmould - Left (Large)

Large, left fitting, soft pliable open earmould.

ACC149U

Earmould - Left (Medium)

Medium, left fitting, soft pliable open earmould.

ACC149T

Earmould - Left (Small)

Small, left fitting, soft pliable open earmould.

ACC149S

Earmould - Right (Large)

Large, right fitting, soft pliable open earmould.

ACC149X

Earmould - Right (Medium)

Medium, right fitting, soft pliable open earmould.

ACC149W

Earmould - Right (Small)

Small, right fitting, soft pliable open earmould.

ACC149V

Earmould Adaptor - Clear

Clear earmould adaptor. Supplied individually.

ACC144A

Earmould Adaptor - Pink

Pink earmould adaptor. Supplied individually.

ACC144B

Earmould Attenuator

Earmould attenuator, for easy attenuation. Supplied individually.

ACC342G

Puretone Concha Mould - Left (Large)

Puretone generic fit concha mould in size large, for left ears, supplied individually.

ACC102K1-LL

Puretone Concha Mould - Left (Medium)

Puretone generic fit concha mould in size medium, for left ears, supplied individually.

ACC102K1-ML

Puretone Concha Mould - Left (Small)

Puretone generic fit concha mould in size small, for left ears, supplied individually.

ACC102K1-SL

Puretone Concha Mould - Right (Large)

Puretone generic fit concha mould in size large, for right ears, supplied individually.

ACC102K1-LR

Puretone Concha Mould - Right (Medium)

Puretone generic fit concha mould in size medium, for right ears, supplied individually.

ACC102K1-MR

Puretone Concha Mould - Right (Small)

Puretone generic fit concha mould in size small, for right ears, supplied individually.

ACC102K1-SR

Surefit Receiver Dome - Closed, Large (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Closed, Large.

21432200

Surefit Receiver Dome - Closed, Medium (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Closed, Medium.

21432100

Surefit Receiver Dome - Closed, Small (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Closed, Small.

21432000

Surefit Receiver Dome - Open, Large (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Open, Large.

21432600

Surefit Receiver Dome - Open, Medium (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Open, Medium.

21432500

Surefit Receiver Dome - Open, Small (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Open, Small.

21432400

Surefit Receiver Dome - Power, Large (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Power, Large.

21432900

Surefit Receiver Dome - Power, Medium (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Power, Medium.

21432800

Surefit Receiver Dome - Power, Small (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Power, Small.

21432700

Surefit Receiver Dome - Tulip (10 Pack)

Surefit receiver domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids.

21432300

Surefit Thin Tube Dome - Open, Large (10 Pack)

Surefit thin tube domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Open, Large.

19398400

Surefit Thin Tube Dome - Open, Medium (10 Pack)

Surefit thin tube domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Open, Medium.

19398300

Surefit Thin Tube Dome - Open, Small (10 Pack)

Surefit thin tube domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Open, Small.

19398200

Surefit Thin Tube Dome - Power, Large (10 Pack)

Surefit thin tube domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Power, Large.

19398800

Surefit Thin Tube Dome - Power, Medium (10 Pack)

Surefit thin tube domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Power, Medium.

19398700

Surefit Thin Tube Dome - Power, Small (10 Pack)

Surefit thin tube domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids. Size: Power, Small.

19398600

Surefit Thin Tube Dome - Tulip (10 Pack)

Surefit thin tube domes, supplied in a pack of 10 these domes are designed to work with the Puretone Innovation range of hearing aids.

19398500

P Series HP Dome Assembly Tool

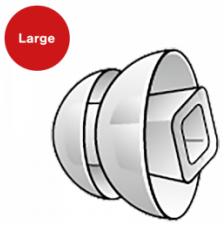

HP dome assembly tool, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-HPDA-TOOL

P Series HP Rec Dome Large

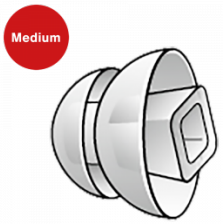

Large HP receiver dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-HPRDOME-L

P Series HP Rec Dome - Medium

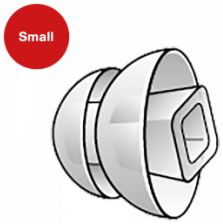

Medium HP receiver dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-HPRDOME-M

P Series HP Rec Dome - Small

Small HP receiver dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-HPRDOME-S

P Series NP Rec Dome Large

Size 4, right NP receiver, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-NPRECDOME-L

P Series NP Rec Dome - Medium

Medium receiver dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-NPRECDOME-M

P Series NP Rec Dome - Small

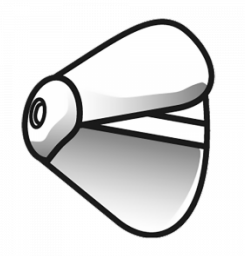

Small receiver dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-NPRECDOME-S

P Series NP Rec Dome - Tulip

Tulip receiver dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-NPRECDOME-T

P Series NP Rec Ext Dome - Large

Large receiver ext dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-NPRECEDOME-L

P Series NP Rec Ext Dome - Medium

Medium receiver ext dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-NPRECEDOME-M

P Series NP Rec Ext Dome - Small

Small receiver ext dome, designed for use with the Puretone P Series range of hearing aids. Supplied individually.

PS-NPRECEDOME-S

Hucki Connecting Pins, 10 Pack

Pins for connecting Hucki tubing. Supplied in packs of 10.

ACC218

Hucki Hearing Aid Retainer - Refill Kit, Blue (10 Pack)

Hucki hearing aid retainer refil kit, blue, supplied in a pack of 10.

ACC216C

Hucki Hearing Aid Retainer - Refill Kit, Brown (10 Pack)

Hucki hearing aid retainer refil kit, brown, supplied in a pack of 10.

ACC216D

Hucki Hearing Aid Retainer - Refill Kit, Clear (10 Pack)

Hucki hearing aid retainer refil kit, transparent, supplied in a pack of 10.

ACC216E

Hucki Hearing Aid Retainer - Refill Kit, Flesh (10 Pack)

Hucki hearing aid retainer refil kit, flesh, supplied in a pack of 10.

ACC216A

Hucki Hearing Aid Retainer - Refill Kit, Red (10 Pack)

Hucki hearing aid retainer refil kit, red, supplied in a pack of 10.

ACC216B

Hucki Hearing Aid Retainer Kit

Behind-The-Ear (BTE) instrument retainer system consisting of 12 assorted Hucki, 10 connecting pins and 50cm of spare tubing.

ACC215

Hucki Tubing - Brown, 50cm

Hucki tubing - brown. Supplied in 50cm lengths.

ACC217B

Hucki Tubing - Flesh, 50cm

Hucki tubing - flesh. Supplied in 50cm lengths.

ACC217A

Hucki Tubing - Transparent, 50cm

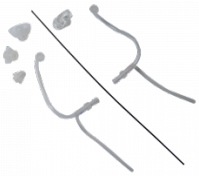

Hucki tubing - transparent.
Supplied in 50cm lengths.

ACC217C

Puretone Mini Open Fit Kit

Puretone mini open fit kit for models: 22MA, PT-40 & PT-70.

PT-OP-FIT-KITM

Puretone Open Tube -1BL (5 Pack)

Size -1B, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-M1BL

Puretone Open Tube -1BR (5 Pack)

Size -1B, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-M1BR

Puretone Open Tube 0AL (5 Pack)

Size 0A, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-0AL

Puretone Open Tube 0AR (5 Pack)

Size 0A, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-0AR

Puretone Open Tube 0BL (5 Pack)

Size 0B, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-0BL

Puretone Open Tube 0BR (5 Pack)

Size 0B, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-0BR

Puretone Open Tube 1AL (5 Pack)

Size 1A, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-1AL

Puretone Open Tube 1AR (5 Pack)

Size 1A, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-1AR

Puretone Open Tube 1BL (5 Pack)

Size 1B, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-1BL

Puretone Open Tube 1BR (5 Pack)

Size 1B, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-1BR

Puretone Open Tube 2AL (5 Pack)

Size 2A, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-2AL

Puretone Open Tube 2AR (5 Pack)

Size 2A, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-2AR

Puretone Open Tube 2BL (5 Pack)

Size 2B, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-2BL

Puretone Open Tube 2BR (5 Pack)

Size 2B, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-2BR

Puretone Open Tube 3AL (5 Pack)

Size 3A, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-3AL

Puretone Open Tube 3AR (5 Pack)

Size 3A, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-3AR

Puretone Open Tube 3BL (5 Pack)

Size 3B, left Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-3BL

Puretone Open Tube 3BR (5 Pack)

Size 3B, right Puretone open tube. Supplied in a pack of 5.

PT-OP-TUBE-3BR

Surefit 2 Thin Tube, Size -1L (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size -1L. For left ears.

22942300

Surefit 2 Thin Tube, Size -1R (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size -1R. For right ears.

22942800

Surefit 2 Thin Tube, Size 0L (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 0L. For left ears.

22942400

Surefit 2 Thin Tube, Size 0R (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 0R. For right ears.

22942900

Surefit 2 Thin Tube, Size 1L (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 1L. For left ears.

22942500

Surefit 2 Thin Tube, Size 1R (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 1R. For right ears.

22943000

Surefit 2 Thin Tube, Size 2L (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 2L. For left ears.

22942600

Surefit 2 Thin Tube, Size 2R (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 2R. For right ears.

22943100

Surefit 2 Thin Tube, Size 3L (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 3L. For left ears.

22942700

Surefit 2 Thin Tube, Size 3R (5 Pack)

Surefit thin tube for use with Innovation hearing systems. Size 3R. For right ears.

22943200

Open Fit Measuring Tool

Handy tool used for measuring open fitting tube lengths.

OP-ME-TOOL

Open Tube Adaptor (P640S/P660M)

Open tube adaptor designed for use with Puretone P Series models: P640S/P660M. Supplied individually.

PS-OTA1

Open Tube Adaptor (P680SW/P680MW)

Open tube adaptor designed for use with Puretone P Series models: P680SW/P680MW. Supplied individually.

PS-OTA2

Puretone Open Tube Adaptor

Puretone open tube adaptor for models: 22MA, PT-40 & PT-70.

PT-BTE-OTA

Receiver Unit M, Length 0, Left

Receiver unit M for use with EV systems. Length 0. For left ear.

REC-M0L

Receiver Unit M, Length 0, Right

Receiver unit M for use with EV systems. Length 0. For right ear.

REC-M0R

Receiver Unit M, Length 1, Left

Receiver unit M for use with EV systems. Length 1. For left ear.

REC-M1L

Receiver Unit M, Length 1, Right

Receiver unit M for use with EV systems. Length 1. For right ear.

REC-M1R

Receiver Unit M, Length 2, Left

Receiver unit M for use with EV systems. Length 2. For left ear.

REC-M2L

Receiver Unit M, Length 2, Right

Receiver unit M for use with EV systems. Length 2. For right ear.

REC-M2R

Receiver Unit M, Length 3, Left

Receiver unit M for use with EV systems. Length 3. For left ear.

REC-M3L

Receiver Unit M, Length 3, Right

Receiver unit M for use with EV systems. Length 3. For right ear.

REC-M3R

Receiver Unit P, Length 0, Left

Receiver unit P for use with EV systems. Length 0. For left ear.

REC-P0L

Receiver Unit P, Length 0, Right

Receiver unit P for use with EV systems. Length 0. For right ear.

REC-P0R

Receiver Unit P, Length 1, Left

Receiver unit P for use with EV systems. Length 1. For left ear.

REC-P1L

Receiver Unit P, Length 1, Right

Receiver unit P for use with EV systems. Length 1. For right ear.

REC-P1R

Receiver Unit P, Length 2, Left

Receiver unit P for use with EV systems. Length 2. For left ear.

REC-P2L

Receiver Unit P, Length 2, Right

Receiver unit P for use with EV systems. Length 2. For right ear.

REC-P2R

Receiver Unit P, Length 3, Left

Receiver unit P for use with EV systems. Length 3. For left ear.

REC-P3L

Receiver Unit P, Length 3, Right

Receiver unit P for use with EV systems. Length 3. For right ear.

REC-P3R

Surefit Receiver, High Power (Size 0L)

High power receiver unit for use with Innovation systems. Size 0. For left ear.

21643500

Surefit Receiver, High Power (Size 0R)

High power receiver unit for use with Innovation systems. Size 0. For right ear.

21643600

Surefit Receiver, High Power (Size 1L)

High power receiver unit for use with Innovation systems. Size 1. For left ear.

21643700

Surefit Receiver, High Power (Size 1R)

High power receiver unit for use with Innovation systems. Size 1. For right ear.

21643800

Surefit Receiver, High Power (Size 2L)

High power receiver unit for use with Innovation systems. Size 2. For left ear.

21643900

Surefit Receiver, High Power (Size 2R)

High power receiver unit for use with Innovation systems. Size 2. For right ear.

21644000

Surefit Receiver, High Power (Size 3L)

High power receiver unit for use with Innovation systems. Size 3. For left ear.

21644100

Surefit Receiver, High Power (Size 3R)

High power receiver unit for use with Innovation systems. Size 3. For right ear.

21644200

Surefit Receiver, High Power (Size 4L)

High power receiver unit for use with Innovation systems. Size 4. For left ear.

21644300

Surefit Receiver, High Power (Size 4R)

High power receiver unit for use with Innovation systems. Size 4. For right ear.

21644400

Surefit Receiver, Low Power (Size 0L)

Low power receiver unit for use with Innovation systems. Size 0. For left ear.

21641500

Surefit Receiver, Low Power (Size 0R)

Low power receiver unit for use with Innovation systems. Size 0. For right ear.

21641600

Surefit Receiver, Low Power (Size 1L)

Low power receiver unit for use with Innovation systems. Size 1. For left ear.

21641700

Surefit Receiver, Low Power (Size 1R)

Low power receiver unit for use with Innovation systems. Size 1. For right ear.

21641800

Surefit Receiver, Low Power (Size 2L)

Low power receiver unit for use with Innovation systems. Size 2. For left ear.

21641900

Surefit Receiver, Low Power (Size 2R)

Low power receiver unit for use with Innovation systems. Size 2. For right ear.

21642000

Surefit Receiver, Low Power (Size 3L)

Low power receiver unit for use with Innovation systems. Size 3. For left ear.

21642100

Surefit Receiver, Low Power (Size 3R)

Low power receiver unit for use with Innovation systems. Size 3. For right ear.

21642200

Surefit Receiver, Low Power (Size 4L)

Low power receiver unit for use with Innovation systems. Size 4. For left ear.

21642300

Surefit Receiver, Low Power (Size 4R)

Low power receiver unit for use with Innovation systems. Size 4. For right ear.

21642400

Surefit Receiver, Medium Power (Size 0L)

Medium power receiver unit for use with Innovation systems. Size 0. For left ear.

21642500

Surefit Receiver, Medium Power (Size 0R)

Medium power receiver unit for use with Innovation systems. Size 0. For right ear.

21642600

Surefit Receiver, Medium Power (Size 1L)

Medium power receiver unit for use with Innovation systems. Size 1. For left ear.

21642700

Surefit Receiver, Medium Power (Size 1R)

Medium power receiver unit for use with Innovation systems. Size 1. For right ear.

21642800

Surefit Receiver, Medium Power (Size 2L)

Medium power receiver unit for use with Innovation systems. Size 2. For left ear.

21642900

Surefit Receiver, Medium Power (Size 2R)

Medium power receiver unit for use with Innovation systems. Size 2. For right ear.

21643000

ACC262A-13

Comply Tips, Standard - 4 Vents (12 Pack)

Comply tips, standard - 4 vents. Supplied in a refill kit consisting of 12 slow recovery foam tips.

ACC262A-14

Comply Tips, Standard - No Vent (12 Pack)

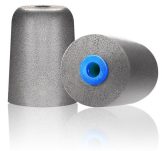

Comply tips, standard - no vent. Supplied in a refill kit consisting of 12 slow recovery foam tips.

ACC262A-10

Replacement Foam Tips - Blue (Pair)

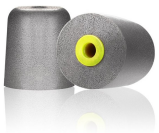

High quality foam ear tips, providing an effective and comfortable wearing experience, these tips are colour coded by size, so simply find the tip size that best fits, then reorder only the colour required.

ACC102M-BLUE

Replacement Foam Tips - Green (Pair)

High quality foam ear tips, providing an effective and comfortable wearing experience, these tips are colour coded by size, so simply find the tip size that best fits, then reorder only the colour required.

ACC102M-GREEN

Replacement Foam Tips Black (Pair)

High quality foam ear tips, providing an effective and comfortable wearing experience, these tips are colour coded by size, so simply find the tip size that best fits, then reorder only the colour required.

ACC102M-BLACK

Replacement Foam Tips Orange (Pair)

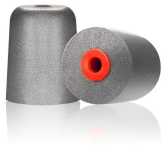

High quality foam ear tips, providing an effective and comfortable wearing experience, these tips are colour coded by size, so simply find the tip size that best fits, then reorder only the colour required.

ACC102M-ORANGE

Replacement Foam Tips Red (Pair)

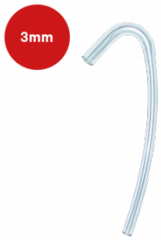

High quality foam ear tips, providing an effective and comfortable wearing experience, these tips are colour coded by size, so simply find the tip size that best fits, then reorder only the colour required.

ACC102M-RED

Libby Horn Tubing, 3mm

3mm sized libby horn tubing. Supplied individually.

ACC221A

Libby Horn Tubing, 4mm

4mm sized libby horn tubing. Supplied individually.

ACC221B

Link Tubing - Medium

Priced per metre. Medium: .76" inside / .122" outside.

ACC170

Link Tubing - Medium (Roll)

Medium: .76" inside / .122" outside. Priced per roll (303m/1000ft).

ACC170ROLL

Link Tubing - Standard

Priced per metre. Standard: .085" inside / .125" outside.

ACC163

Link Tubing - Standard (Roll)

Priced per roll (303m/1000ft). Standard: .085" inside / .125" outside.

ACC163ROLL

Link Tubing - Super Thickwall

Super thickwall sized link tubing. Supplied on a 303m roll.

ACC169ROLL

Link Tubing - Thickwall

Priced per metre. Thickwall .76" inside / .130" outside.

ACC164

Link Tubing - Thickwall (Roll)

Priced per roll (303m/1000ft). Thickwall .76" inside / .130" outside.

ACC164ROLL

DisappEar Pre-Bent Tubing - Medium (10 Pack)

The smooth, matte finish of DisappEar tubing makes it very discreet. Supplied in a pack of 10. Medium.

ACC165J

DisappEar Pre-Bent Tubing - Standard (10 Pack)

The smooth, matte finish of DisappEar tubing makes it very discreet. Supplied in a pack of 10. Standard.

ACC165H

DisappEar Pre-Bent Tubing - Thick Wall (10 Pack)

The smooth, matte finish of DisappEar tubing makes it very discreet. Supplied in a pack of 10. Thick wall.

ACC165K

Pre-Bent Tubing - Medium (25 Pack)

Medium sized pre-bent tubing. 76" inside / .122" outside. Supplied in a pack of 25.

ACC165E

Pre-Bent Tubing - Moisture Free, Medium (5 Pack)

Medium sized pre-bent moisture free tubing. 76" inside / .122" outside. Supplied in a pack of 25.

ACC165F

Pre-Bent Tubing - Moisture Free, Thickwall (5 Pack)

Thickwall sized pre-bent moisture free tubing. 76" inside / .130" outside. Supplied in a pack of 25.

ACC165G

Pre-Bent Tubing - Standard (25 Pack)

Standard sized pre-bent tubing. 085" inside / .125" outside. Supplied in a pack of 25.

ACC165A

Pre-Bent Tubing - Thickwall (25 Pack)

Thickwall sized pre-bent tubing .76" inside / .130" outside. Supplied in a pack of 25.

ACC165B

Pre-Bent Tubing With Tube Lock (10 Pack)

Pre-bent tubing that uses a brass retention ring for soft earpieces. Supplied in packs of 10.

ACC160K

Pre-Bent/Pre-Cut Receiver Tubing - Black

Black pre-bent, pre-cut receiver tubing for ITE/ITC/CIC instruments.

ACC222Q

Pre-Bent/Pre-Cut Receiver Tubing - Clear

Clear pre-bent, pre-cut receiver tubing for ITE/ITC/CIC instruments.

ACC222U

Silicone Tips - Black 12mm Short

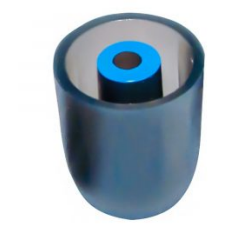

12mm, short, black colour coded silicone ear tips. Supplied individually.

ACC102L-BLACK

Silicone Tips - Blue 10.5mm Long

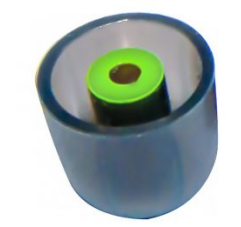

10.5mm, long, blue colour coded silicone ear tips. Supplied individually.

ACC102L-BLUE

Silicone Tips - Green 10.5mm Short

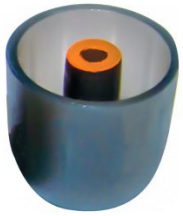

10.5mm, short, green colour coded silicone ear tips. Supplied individually.

ACC102L-GREEN

Silicone Tips - Orange 14mm Long

14mm, long, orange colour coded silicone ear tips. Supplied individually.

ACC102L-ORANGE

Silicone Tips - Red 12mm Long

12mm, long, red colour coded silicone ear tips. Supplied individually.

ACC102L-RED

Soft Shaped Ear Tip - Clear, Large

Clear, large, high quality soft shaped ear tip. Supplied individually.

ACC102J

Soft Shaped Ear Tip - Clear, Large, Left

Clear, large, left, high quality soft shaped ear tip. Supplied individually.

ACC102C

Soft Shaped Ear Tip - Clear, Large, Right

Clear, large, right, high quality soft shaped ear tip. Supplied individually.

ACC102F

Soft Shaped Ear Tip - Clear, Medium

Clear, medium, high quality soft shaped ear tip. Supplied individually.

ACC102H

Soft Shaped Ear Tip - Clear, Medium, Left

Clear, medium, left, high quality soft shaped ear tip. Supplied individually.

ACC102B

Soft Shaped Ear Tip - Clear, Medium, Right

Clear, medium, right, high quality soft shaped ear tip. Supplied individually.

ACC102E

Soft Shaped Ear Tip - Clear, Small

Clear, small, high quality soft shaped ear tip. Supplied individually.

ACC102G

Soft Shaped Ear Tip - Clear, Small, Left

Clear, small, left, high quality soft shaped ear tip. Supplied individually.

ACC102A

Soft Shaped Ear Tip - Clear, Small, Right

Clear, small, right, high quality soft shaped ear tip. Supplied individually.

ACC102D

Cleaning Tool Kit With Battery Tester

Convenient pocked sized multi-tool for hearing aids. Features: magnet, battery tray opener, vent cleaner, wax loop, cleaning brush & battery tester. Also features 2 battery storage compartments.

ACC421

Professional Retubing Kit

This professional retubing kit has everything you need to retube a hearing system, suitable for any mobile audiologist. Presented in an organised high quality leatherette finish case.

ACC454

Professional Retubing Kit Bundle

This professional retubing kit has everything you need to retube a hearing system, suitable for any mobile audiologist.

ACC454-BUN

Tubing Expander Tool

Stainless steel tubing expander, durable and easy to use.

ACC162B

Tubing Extractor

For easily removing old tubing from earmoulds. Colour may vary.

ACC162C

Tubing Extractor & Threader

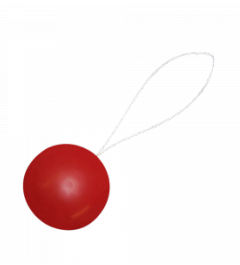

Combination tubing extractor and threader tool. Colour may vary.

ACC162D

Tubing Threader

Designed for threading tubing through earmoulds.

ACC161

CeruStop Wax Guard Bushing

Bushing for the CeruStop range of was guards. Supplied individually.

ACC294H

CeruStop Wax Guards (8 Pack)

CeruStop disposable wax guards. Supplied in a set of 8.

ACC294C

CeruStop XL Wax Guards (8 Pack)

CeruStop XL disposable wax guards. Supplied in a pack of 8.

ACC294J

Hearclear Wax Guards (8 Pack)

Hearclear wax guards. Supplied in a pack of 8.

ACC441

Micro PureGuard Insert/Extract Tool

Tool for use with the micro PureGuard range of disposable wax guards. Supplied individually.

ACC314H

Micro Safe Mic Wax Guard (10 Pack)

Micro Safe Mic disposable wax guards. Supplied in packs of 10.

ACC315F

Micro Safe Mic Wax Guard Tool

Tool for use with the micro Safe Mic range of disposable wax guards. Supplied individually.

ACC315F-TOOL

NanoCare Wax Guards (8 Pack)

NanoCare wax guards. Supplied in a pack of 8.

ACC294D

NoWax Wax Guards (6 Pack)

Disposable wax guards. Supplied in packs of 6. Easy insertion and removal.

ACC410A

ProWax MiniFit Wax Guards (6 Pack)

Ensure your hearing aid performs at its best with ProWax MiniFit wax guards.

ACC410C

PureGuard Insertion/Extraction Tool

Micro PureGuard wax guard removal & insertion tool. Supplied individually.

ACC314G

PureGuard Micro - Blue (16 Wax Guards)

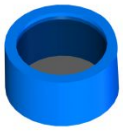

Micro PureGuard disposable wax guards, blue. Supplied in a set.

ACC315C-HF4

PureGuard Micro - Blue (Each)

Micro PureGuard disposable wax guards, blue. Supplied individually.

ACC314E-HF4

PureGuard Micro - Red (16 Wax Guards)

Micro PureGuard disposable wax guards, red. Supplied in a set.

ACC315D-HF4

PureGuard Micro - Red (Each)

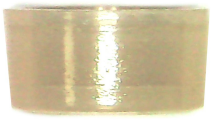

Micro PureGuard disposable wax guards, red. Supplied individually.

ACC314D-HF4

PureGuard Micro Bushing

Bushing for the micro PureGuard range of was guards. Supplied individually.

ACC314F-HF4

PureGuard Standard - Blue (16 Wax Guards)

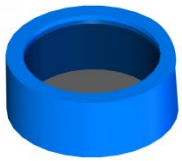

Micro PureGuard disposable wax guards, blue. Supplied in a set.

ACC315A-HF3

PureGuard Standard - Blue (Each)

Micro PureGuard disposable wax guards, blue. Supplied individually.

ACC314B-HF3

PureGuard Standard - Red (16 Wax Guards)

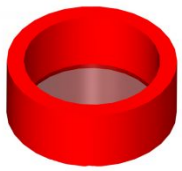

Micro PureGuard disposable wax guards, red. Supplied in a set.

ACC315B-HF3

PureGuard Standard - Red (Each)

Micro PureGuard disposable wax guards, red. Supplied individually.

ACC314A-HF3

PureGuard Standard Bushing

Bushing for the standard PureGuard range of was guards. Supplied individually.

ACC314C-HF3

PureGuard Standard Combi Pack

Micro PureGuard disposable wax guards, combi pack. Supplied in a set.

ACC315E-HF3

WaxBuster Micro

Micro WaxBuster was guard. Supplied individually.

MWB

WaxBuster Micro Extraction Tool

WaxBuster micro wax guard removal tool. Supplied individually.

MWBT

WaxBuster Wax Guard (Bushing - Blue)

Blue bushing for WaxBuster wax guard. Supplied individually.

WB4

WaxBuster Wax Guard (Bushing - Red)

Red bushing for WaxBuster wax guard. Supplied individually.

WB3

WaxBuster Wax Guard (Extraction Tool)

WaxBuster wax guard removal tool. Supplied individually.

WB5

WaxBuster Wax Guard (Left - Blue)

Left, blue, WaxBuster wax guard. Supplied individually.

WB2

WaxBuster Wax Guard (Right - Red)

Right, red, WaxBuster wax guard. Supplied individually.

WB1

Widex Wax Caps

Replacement Widex wax caps, supplied in a pack of 9 wax caps in a handy & hygienic case, these disposable wax caps are easy to remove and replace.

ACC294K

Detax Abdrucklack (1 litre)

Cold curing, with high gloss finish. Universal finish of all silicone ear impressions (A and C silicones).

PRO111EL

Detax Abdrucklack (250ml)

Cold curing, with high gloss finish. Universal finish of all silicone ear impressions (A and C silicones).

PRO111E

Detax Acrylon (Rose Transparent)

Earmould resin for the indirect production of hard acrylic earmoulds in the lab.

ACC376B

Detax Acrylon (Transparent)

Earmould resin for the indirect production of hard acrylic earmoulds in the lab.

ACC376C

Detax Acrylon AutoMix Gun

10:1 mixing gun for Detax Acrylon silicone material.

ACC135E3

Detax Acrylon Nozzels (25 Pack)

10:1 mixing nozzels for Detax Acrylon silicone material. (25 pack).

ACC135E3-TIP

Detax Aquaplus Blue AM1 (8 x 50ml)

Floatable special silicone in double cartridges, for the fabrication of swim plugs in the lab. Also suitable for direct fitting. Blue silicone cartridges AM1 (8 x 50ml).

ACC135I

Detax Aquaplus Colormix (8 x 50ml AM1)

Floatable special silicone in double cartridges, for the fabrication of swim plugs in the lab. Also suitable for direct fitting. (8 x 50ml AM1).

ACC135Z1

Detax Aquaplus Green AM1 (8 x 50ml)

Floatable swim plug silicone: Ideal for lab-made swim plugs, direct fitting. Soft initial consistency, highly elastic, tensile resistant. Skin-friendly, A-silicone, 35 shore A hardness. Green silicone AM1 cartridges (8 x 50ml).

ACC135G-GRN

Detax Aquaplus Orange AM1 (8 x 50ml)

Floatable swim plug silicone: Ideal for lab-made swim plugs, direct fitting. Soft initial consistency, highly elastic, tensile resistant. Skin-friendly, A-silicone, 35 shore A hardness. Orange silicone AM1 cartridges (8 x 50ml).

ACC135G-ORG

Detax Aquaplus Red AM1 (8 x 50ml)

Floatable special silicone in double cartridges, for the fabrication of swim plugs in the lab. Also suitable for direct fitting. Red silicone cartridges AM1 (8 x 50ml).

ACC135H

Detax Aquaplus Red/Blue AM1 - 16 Pack (16 x 50ml)

Floatable special silicone in cartridges, for the fabrication of swim plugs in the lab, or directly. Soft initial consistency, easy processing. red/blue silicone cartridges AM1 (8 x 50ml).

ACC135HI-BUN

Detax Aquaplus Red/Blue AM1 - 8 Pack (8 x 50ml)

Floatable special silicone in cartridges, for the fabrication of swim plugs in the lab, or directly. Soft initial consistency, easy processing. red/blue silicone cartridges AM1 (8 x 50ml).

ACC135HI

Detax Aquaplus Yellow AM1 (8 x 50ml)

Floatable special silicone in double cartridges, for the fabrication of swim plugs in the lab. Also suitable for direct fitting. Yellow silicone cartridges AM1 (8 x 50ml).

ACC135G-YEL

Detax Bioplast - Pink Transparent (40 Shore)

Earmould silicone for the fabrication of soft-flexible BTE earmoulds and protectors, multi-purpose use.

ACC135G-PT40

Detax Bioplast - Pink Transparent (60 Shore)

Earmould silicone for the fabrication of soft-flexible BTE earmoulds and protectors, multi-purpose use. Pink transparent (60 shore).

ACC135G-PT60

Detax Bioplast Silicone - Transparent (40 Shore)

Earmould silicone for the fabrication of soft-flexible BTE earmoulds and protectors, multi-purpose use. Transparent (40 shore).

ACC135G-T40

Detax Dip Coat (100ml)

Cold curing dip lacquer with a shiny high gloss finish.

PRO111M

Detax Dip Coat (250ml)

Cold curing dip lacquer with a shiny high gloss finish.

PRO111N

Detax Direct Mold - Rose Cartridges (8 x 50ml AM1)

Direct mold is an instant earmould hybrid silicone for direct fitting of individual ear protection. Rose cartridges (8 x 50ml AM1).

ACC135RT-CART

Detax Duglasil Express

Clear transparent casting silicone for the fabrication of highly transparent negative forms, especially suitable for UV-curing.

ACC317C

Detax Earflex - Yellow, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection.

ACC136-S11

Detax Earflex - Beige, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Beige, 40 shore (8 x 50ml AM1).

ACC136-S10

Detax Earflex - Black, 25 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Black, 25 shore (8 x 50ml AM1).

ACC136-S63

Detax Earflex - Black, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Black, 40 shore (8 x 50ml AM1).

ACC136-S12

Detax Earflex - Blue, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Blue, 40 shore (8 x 50ml AM1).

ACC136-S4

Detax Earflex - Clear, 25 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Clear, 25 shore (8 x 50ml AM1).

ACC136-S97

Detax Earflex - Clear, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Clear, 40 shore (8 x 50ml AM1).

ACC135G-TR-40

Detax Earflex - Clear, 60 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Clear, 60 shore (8 x 50ml AM1).

ACC136-S14

Detax Earflex - Green, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Green, 40 shore (8 x 50ml AM1).

ACC136-S6

Detax Earflex - Orange, 25 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Orange, 25 shore (8 x 50ml AM1).

ACC136-S78

Detax Earflex - Orange, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Orange, 40 shore (8 x 50ml AM1).

ACC136-S2

Detax Earflex - Rainbow, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection.

ACC427

Detax Earflex - Red, 25 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Red, 25 shore (8 x 50ml AM1).

ACC136-S76

Detax Earflex - Red, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Red, 40 shore (8 x 50ml AM1).

ACC136-S5

Detax Earflex - Rose, 25 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Rose, 25 shore (8 x 50ml AM1).

ACC136-S98

Detax Earflex - White, 40 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. White, 40 shore (8 x 50ml AM1).

ACC135G-W40

Detax Earflex - Yellow, 25 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Yellow, 25 shore (8 x 50ml AM1).

ACC136-S62

Detax Earflex – Blue, 25 Shore (8 x 50ml AM1)

Earmould silicone for the fabrication of soft BTE earmoulds & noise protection. Blue, 25 shore (8 x 50ml AM1).

ACC136-S75

Detax Express Coat (100ml)

Fast air drying coating. Brilliant finish. Wipe proof after 8 minutes.

PRO111L

Detax Frosty Coat (100ml)

Heat curing, smoothing with a frosted surface.

PRO111K

Detax Micropor Silicone Lacquer (250ml)

Heat curing silicone lacquer, with high gloss finish.

PRO111D

Detax Softwear 2.0 - Blue Opaqe (2 Pack)

Permanently elastic earmould silicone for indirect fabrication of soft BTE moulds and protectors, particularly for 3D cast technique. Blue opaqe (2 pack).

ACC136-S60K

Detax Softwear 2.0 - Clear Transparent (8 x 50ml)

Permanently elastic earmould silicone for indirect fabrication of soft BTE moulds and protectors, particularly for 3D cast technique. Clear transparent (8 x 50ml).

ACC136-S60A

Detax Softwear 2.0 - Green Opaqe (2 Pack)

Permanently elastic earmould silicone for indirect fabrication of soft BTE moulds and protectors, particularly for 3D cast technique. Green opaqe (2 pack).

ACC136-S60L

Detax Softwear Coat Lacquer, 500ml

Permanently elastic earmould silicone for indirect fabrication of soft BTE moulds and protectors, particularly for 3D cast technique.

PRO156

Detax Supercoat (100ml)

Antibacterial sealing lacquer for silicone based earmoulds & otoplastics, air-drying, lasting protection against bacteria.

PRO111GS

Detax Supercoat (300ml)

Antibacterial sealing lacquer for silicone based earmoulds & otoplastics, air-drying, lasting protection against bacteria.

PRO111G

Dreve Biopor - Beige 40 Shore, (8 Pack)

Supplied as a pack of 8 Beige, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S106

Dreve Biopor - Beige 60 Shore, (8 Pack)

Supplied as a pack of 8 Beige, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S103

Dreve Biopor - Black 40 Shore, (8 Pack)

Supplied as a pack of 8 Black, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S107

Dreve Biopor - Black 60 Shore, (8 Pack)

Supplied as a pack of 8 Black, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S20

Dreve Biopor - Blue 40 Shore, (8 Pack)

Supplied as a pack of 8 Blue, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S108

Dreve Biopor - Blue 60 Shore, (8 Pack)

Supplied as a pack of 8 Blue, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S32

Dreve Biopor - Blue Azure 60 Shore, (8 Pack)

Supplied as a pack of 8 Blue Azure, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S24

Dreve Biopor - Bright Yellow 60 Shore, (8 Pack)

Supplied as a pack of 8 Bright Yellow, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S104

Dreve Biopor - Clear 25 Shore, (8 Pack)

Supplied as a pack of 8 Transparent, 25 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S84

Dreve Biopor - Flourescent Yellow 40 Shore, (8 Pack)

Supplied as a pack of 8 Flourescent Yellow, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S58

Dreve Biopor - Fluorescent Blue 40 Shore, (8 Pack)

Supplied as a pack of 8 Fluorescent Blue, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S50

Dreve Biopor - Fluorescent Green 40 Shore, (8 Pack)

Supplied as a pack of 8 Fluorescent Green, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S49

Dreve Biopor - Fluorescent Pink, 40 Shore (8 Pack)

Dreve Biopor fluorescent pink, 40 shore. Supplied in a pack of 8.

ACC136-S51

Dreve Biopor - Fluorescent Red 40 Shore, (8 Pack)

Supplied as a pack of 8 Fluorescent Red, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S48

Dreve Biopor - Fuchsia 60 Shore, (8 Pack)

Supplied as a pack of 8 Fuchsia, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S22

Dreve Biopor - Green 40 Shore, (8 Pack)

Supplied as a pack of 8 Green, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S83

Dreve Biopor - Green 60 Shore, (8 Pack)

Supplied as a pack of 8 Green, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S102

Dreve Biopor - Green Transparent 25 Shore, (8 Pack)

Supplied as a pack of 8 Green Transparent, 25 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S110

Dreve Biopor - Light Brown 40 Shore, (8 Pack)

Supplied as a pack of 8 Light Brown, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S116

Dreve Biopor - Lilac 60 Shore, (8 Pack)

Supplied as a pack of 8 Lilac, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S23

Dreve Biopor - Lilac Opaque 40 Shore, (8 Pack)

Pack of 8 Lilac Opaque, 40 Shore cartridges. Permanently flexible, addition-vulcanizing, skin-friendly silicone for tear-resistant, soft-flexible BTE earmolds. Indirect manufacturing takes place in the laboratory after impression-taking or scanning.

ACC136-S47

Dreve Biopor - Neon Yellow 25 Shore, (8 Pack)

Supplied as a pack of 8 Neon Yellow, 25 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S85

Dreve Biopor - Orange 60 Shore, (8 Pack)

Supplied as a pack of 8 Orange, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S100

Dreve Biopor - Orange Opaque 40 Shore, (8 Pack)

Supplied as a pack of 8 Orange Opaque, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S57

Dreve Biopor - Pink 40 Shore, (8 Pack)

Supplied as a pack of 8 Pink, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S39

Dreve Biopor - Red 40 Shore, (8 Pack)

Supplied as a pack of 8 Red, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S52

Dreve Biopor - Red 40 Shore, (8 Pack)

Supplied as a pack of 8 Red, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S111

Dreve Biopor - Red 60 Shore, (8 Pack)

Supplied as a pack of 8 Red, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S101

Dreve Biopor - Reddish Transparent 25 Shore, (8 Pack)

Supplied as a pack of 8 Reddish Transparent, 25 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S65

Dreve Biopor - Reddish Transparent 40 Shore, (8 Pack)

Supplied as a pack of 8 Reddish Transparent, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S64

Dreve Biopor - Transparent 40 Shore, (8 Pack)

Supplied as a pack of 8 Transparent, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S109

Dreve Biopor - Transparent 60 Shore, (8 Pack)

Supplied as a pack of 8 Transparent, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S112

Dreve Biopor - White 40 Shore, (8 Pack)

Supplied as a pack of 8 White, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S113

Dreve Biopor - White 60 Shore, (8 Pack)

Supplied as a pack of 8 White, 60 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S105

Dreve Biopor - Yellow 40 Shore, (8 Pack)

Supplied as a pack of 8 Yellow, 40 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S114

Dreve Biopor - Yellow Transparent 25 Shore, (8 Pack)

Supplied as a pack of 8 Yellow Transparent, 25 Shore cartridges. Dreve Biopor is a high-quality, permanently flexible, addition-vulcanizing and skin-friendly silicone.

ACC136-S82

Dreve Biopor AB UV Lacquer (2 x 25ml Cartridge A+B)

Ideal coating for Biopor® AB earmolds on the basis of an addition-vulcanizing silicone. The Biopor® AB UV and RT Lacquer are free of solvents and odorless.

ACC136-S115

Dreve Electric Impression Gun

The Dreve electric impression gun is very comfortable and increases movability during impression taking. For all Otoform® ear impression materials.

ACC533A

Dreve Electric Impression Gun Stand

Metal stand for use with the Dreve electric impression gun.

ACC533B

Dreve FotoCast 2 (1kg)

For the generative manufacturing of cast forms to produce soft earmolds and hearing protection.

ACC534A

Dreve Fotoplast Lack M

For a satin finish, the light-curing varnish for hard acrylic earmolds has special fillers achieving a silk-mat surface.

ACC534B

Dreve FotoTec DLP.A Beige (1kg)

FotoTec DLP.A is a biocompatible resin with ideal features for 3D Printing. Aligned to the wavelength of the radiation source the material is perfect to manufacture earmolds and shells.

ACC534E

Dreve FotoTec DLP.A Clear (1kg)

FotoTec DLP.A is a biocompatible resin with ideal features for 3D Printing. Aligned to the wavelength of the radiation source the material is perfect to manufacture earmolds and shells.

ACC534D

Dreve FotoTec DLP.Flex 70 (1kg)

Direct2Print. Flexible material for manufacturing elastic earmolds and RICs on 3D DLP printing systems.

ACC534F

Dreve Lack B (250ml)

Lacquer B Silicone lacquer which is curing at air humidity for Biopor AB earmolds.

ACC535A

Dreve Lacquer B eco 250ml

Dreve Lacquer B eco 250 ml is a moisture-curing varnish offering the same proven performance as Lack B, with an optimised, low-odour formulation that stays fresh for longer in the bottle.

ACC535B

Dreve Lacquer B Matt 250ml

Dreve Lacquer B Matt 250 ml is a moisture-curing lacquer designed to provide a silky-smooth, matte finish on silicone earmoulds.

ACC535C

Dreve Large Mixing Spatula

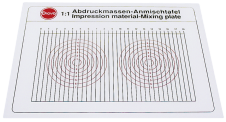

Large mixing spatula made of metal with plastic handle.

ACC536A

Dreve Mixing Tray For A + B

Mixing tray with dosing scale, makes mixing 2 part materials easier than ever before.

ACC537A

Dreve Otoferm Protect (Beige Opaque)

Supplied in 2 x 100ml tubs, Dreve Otoferm® Protect is ideal for the direct fitting of BTE, hearing and splash water protection earmoulds.

ACC538A-BEIGE

Dreve Otoferm Protect (Blue Opaque)

Supplied in 2 x 100ml tubs, Dreve Otoferm® Protect is ideal for the direct fitting of BTE, hearing and splash water protection earmoulds.

ACC538A-BLUE

Dreve Otoferm Protect (Red Opaque)

Supplied in 2 x 100ml tubs, Dreve Otoferm® Protect is ideal for the direct fitting of BTE, hearing and splash water protection earmoulds.

ACC538A-RED

Dreve Otoferm Protect With Swim Box

Otoferm Protect with swim box supplied in a practical 2 x 10 ml portion package with a waterproof box. Two earplugs can be stored in the swim box. For the direct fitting on site.

ACC538A

Microflex A 30 Shore A (1KG)

2-component very soft pink transparent silicone.

PRO111B

Microflex A 30 Shore A Clear (1KG)

2-component very soft clear transparent silicone.

PRO111BCL

Micropor S 40 Shore A (1KG)

Very soft pink transparent silicone with a hardness of 40 shore A.

PRO109B

Puretone Eco Silicone Dispensing Gun (AM1)

The Puretone Silicone Dispensing Gun (AM1) is designed to provide smooth, consistent extrusion of two-part silicone impression materials.

ACC135E6

Puretone Eco Silicone Dispensing Gun (AM2)

The Puretone Silicone Dispensing Gun (AM2) is designed to provide smooth, consistent extrusion of two-part silicone impression materials.

ACC135E7

Puretone Lab Mixing Tips, 6mm, AM1 (50 Pack)

Puretone Lab Mixing Tips are intended for laboratory use only and are designed to ensure thorough, consistent mixing of two-part silicone materials when used with AM1 dispensing systems.

ACC135D3

Puretone Lab Mixing Tips, 6mm, AM2 (25 Pack)

Puretone Lab Mixing Tips are intended for laboratory use only and are designed to ensure thorough, consistent mixing of two-part silicone materials when used with AM2 dispensing systems.

ACC135E2-TIPF

Puretone Lab Mixing Tips, Maxi (100 Pack)

Puretone Lab Mixing Tips are intended for laboratory use only and are specifically designed for the production of earmoulds using two-part silicone materials.

ACC135MAXI-1

Puretone Lab Mixing Tips, Medium (100 Pack)

Puretone Lab Mixing Tips are intended for laboratory use only and are designed for the production of earmoulds using two-part silicone materials.

ACC135TIP

Blue Grind Stone (Round)

Round blue grind stone, ideal for finishing faceplates. Supplied individually. Warning: Spin speed not to exceed 10,000 RPM.

ACC261C

Blue Grinding Stone (Pointed)

Blue grinding stone (pointed). Supplied individually. Warning: Spin speed not to exceed 10,000 RPM.

ACC261B

Blue Grinding Stone (Unworked)

Blue grinding stone (unworked). Supplied individually. Warning: Spin speed not to exceed 10,000 RPM.

ACC261A

Bud Cutter

This bud burr features tapered point. Made from steel, it is designed to be used in conjunction with a drill or micromotor to cut, grind away, or shape a surface. Warning: Spin speed not to exceed 30,000 RPM.

ACC245C

Calico Mop

Calico mop, designed for polishing and working a smooth finish onto materials.

ACC242C

Cross Cutter - Ball (2.1mm)

2.1mm steel cross cutter ball. Made from high quality steel. Supplied individually. Warning: Spin speed not to exceed 40,000 RPM.

ACC243C

Cross Cutter - Ball (5.0mm)

5.0mm cross cutter, ball. Made from high quality steel. Supplied individually. Warning: Spin speed not to exceed 15,000 RPM.

ACC241P

Cross Cutter, Ball - 2.7mm

Steel cross cutter. Made from high quality steel. Supplied individually.

ACC241Z

Faceplate Cutter

Faceplate cutter, ideal for finishing faceplates. Supplied individually. Warning: Spin speed not to exceed 40,000 RPM.

ACC245A

Grinding Sleeve (5.00mm)

5.0mm grinding sleeves. Supplied individually. Warning: Spin speed not to exceed 15,000 RPM.

ACC242J

Grinding Sleeve (7.0mm)

7.0mm grinding sleeves. Supplied individually. Warning: Spin speed not to exceed 15,000 RPM.

ACC242K

Grinding Sleeve Holder (5.0mm)

5mm holder for grinding sleeves. Supplied individually. Warning: Spin speed not to exceed 15,000 RPM.

ACC242L

Grinding Sleeve Holder (7.0mm)

7mm holder for grinding sleeves. Supplied individually. Warning: Spin speed not to exceed 15,000 RPM.

ACC242M

Magnetic Burr Holder

Magnetic burr holder designed to hold up to 25 burrs.

ACC199

Micro Motor Twist Drill (0.5mm)

0.5mm twist drill for use with the micro motor system. Warning: Spin speed not to exceed 50,000 RPM.

ACC248MMTD-0.5

Micro Motor Twist Drill (1.0mm)

1.0mm twist drill for use with the micro motor system. Warning: Spin speed not to exceed 18,000 RPM.

ACC248MMTD-1.0

Micro Motor Twist Drill (1.4mm)

1.4mm twist drill for use with the micro motor system. Warning: Spin speed not to exceed 13,000 RPM.

ACC248MMTD-1.4

Micro Motor Twist Drill (2.0mm)

2.0mm twist drill for use with the micro motor system. Warning: Spin speed not to exceed 10,000 RPM.

ACC248MMTD-2.0

Micro Motor Twist Drill (2.1mm)

2.1.mm twist drill for use with the micro motor system. Warning: Spin speed not to exceed 18,000 RPM.

ACC248MMTD-2.1

Nail Grip Steel Burr

Nail grip steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC241D

Nimbus Custom Power Sleeve Drill

Sleeve drill for the Nimbus custom power device.

NIM-CPS-DRILL

Pinvice (0-1.02mm)

0.00mm to 1.02mm pinvice ideal for holding drills, small files or wire.

ACC247B

Pinvice (0-1mm)

0.00mm to 1.00mm pinvice ideal for holding drills, small files or wire.

ACC247A

Pinvice (0.77-1.6mm)

0.77mm to 1.60mm pinvice ideal for holding drills, small files or wire.

ACC247C

Pinvice (1.34-3.15mm)

1.34mm to 3.15mm pinvice ideal for holding drills, small files or wire.

ACC247D

Pinvice (2.95-4.7mm)

2.95mm to 4.70mm pinvice ideal for holding drills, small files or wire.

ACC247E

Pinvice Twist Drill (0.3mm)

0.3mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.3

Pinvice Twist Drill (0.5mm)

0.5mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.5

Pinvice Twist Drill (0.65mm)

0.65mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.65

Pinvice Twist Drill (0.68mm)

0.68mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.68

Pinvice Twist Drill (0.6mm)

0.6mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.6

Pinvice Twist Drill (0.7mm)

0.7mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.70

Pinvice Twist Drill (0.8mm)

0.8mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.8

Pinvice Twist Drill (0.9mm)

0.9mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-0.9

Pinvice Twist Drill (1.0mm)

1.0mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.0

Pinvice Twist Drill (1.1mm)

1.1mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.1

Pinvice Twist Drill (1.4mm)

1.4mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.4

Pinvice Twist Drill (1.5mm)

1.5mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.5

Pinvice Twist Drill (1.6mm)

1.6mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.6

Pinvice Twist Drill (1.7mm)

1.7mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.7

Pinvice Twist Drill (1.8mm)

1.8mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.8

Pinvice Twist Drill (1.95mm)

1.95mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.95

Pinvice Twist Drill (1.9mm)

1.9mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-1.9

Pinvice Twist Drill (2.0mm)

2.0mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-2.0

Pinvice Twist Drill (2.3mm)

2.3mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-2.3

Pinvice Twist Drill (2.55mm)

2.55mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-2.55

Pinvice Twist Drill (2.6mm)

2.6mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-2.6

Pinvice Twist Drill (2.9mm)

2.9mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-2.9

Pinvice Twist Drill (3.0mm)

3.0mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-3.0

Pinvice Twist Drill (3.15mm)

3.15mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-3.15

Pinvice Twist Drill (3.18mm)

3.18mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-3.18

Pinvice Twist Drill (3.2mm)

3.2mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-3.2

Pinvice Twist Drill (3.3mm)

3.3mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-3.3

Pinvice Twist Drill (3.5mm)

3.5mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-3.5

Pinvice Twist Drill (3.7mm)

3.7mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-3.7

Pinvice Twist Drill (4.0mm)

4.0mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-4.0

Pinvice Twist Drill (4.25mm)

4.25mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-4.25

Pinvice Twist Drill (4.35mm)

4.35mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-4.35

Pinvice Twist Drill (6.00mm)

6.00mm pinvice twist drill, made from a high quality, durable steel, with a black oxide coating.

ACC248TD-6.0

Polishing Rubber Point

Polishing rubber point, ideal for finishing faceplates. Supplied individually. Warning: Spin speed not to exceed 15,000 RPM.

ACC246

Polishing Wax - White

For polishing earmoulds & shells to a lustrous, high gloss finish.

ACC264

Short Spiral Drill (2.35mm)

These 2.35mm short spiral drills provide excellent performance and value. Warning: Spin speed not to exceed 30,000 RPM.

ACC245B

Soft Grinding Wheel (10 Pack)

Soft grinding wheels, supplied in a pack of 10, Manufactured by Dreve.

ACC242D

Split Tapered Mandrel

Split tapered mandrel, slotted for holding strips of abrasive paper or cloth.

ACC241

Steel Burr - Ball (1.6mm)

1.6mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 23,500 RPM.

ACC242H

Steel Burr - Ball (2.1mm)

2.1mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC241C

Steel Burr - Ball (2.3mm)

2.3mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 16,000 RPM.

ACC241L

Steel Burr - Ball (2.7mm)

2.7mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC243D

Steel Burr - Ball (3.1mm)

3.1mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 25,000 RPM.

ACC243

Steel Burr - Ball (3.3mm)

3.3mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 11,500 RPM.

ACC241J

Steel Burr - Ball (3.5mm)

3.5mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC241X

Steel Burr - Ball (4.0mm)

4.0mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 9,500 RPM.

ACC241E

Steel Burr - Ball (5.0mm)

5.0mm ball, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC241A

Steel Burr - Ball Slitted (3.1mm)

3.1mm ball slitted, steel burr. Made from a high quality steel. Supplied individually.

ACC241K

Steel Burr - Pear (4.0mm)

4.0mm pear, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC242N

Steel Burr - Pear (6.0mm)

6.0mm pear, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 12,000 RPM.

ACC242A

Steel Burr - Pear Cross Cut (5.0mm)

5.0mm pear cross cut, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 16,000 RPM.

ACC242F

Steel Burr - Pear Cross Cut (6.0mm)

6.0mm pear cross cut, steel burr. Made from a high quality steel. Supplied individually. Warning: Spin speed not to exceed 12,000 RPM.

ACC242E

Steel Cross Cutter - Ball (6.0mm)

6.0mm cross cutter, ball. Made from high quality steel. Supplied individually. Warning: Spin speed not to exceed 12,000 RPM.

ACC241Q

Tungsten Burr - Ball (1.0mm)

1.0mm ball, tungsten burr. Made from heavy duty tungsten. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC241F

Tungsten Burr - Ball (1.4mm)

1.4mm ball, tungsten burr. Made from heavy duty tungsten. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC241G

Tungsten Burr - Flat (2.3mm)

2.3mm flat, tungsten burr. Made from heavy duty tungsten. Supplied individually. Warning: Spin speed not to exceed 20,000 RPM.

ACC241H

Tungsten Cutter - Pear (4.0mm)

4.0mm pear, tungsten cutter. Made from heavy duty tungsten. Supplied individually. Warning: Spin speed not to exceed 30,000 RPM.

ACC245

Tungsten Cutter - Pear (7.0mm)

7.0mm pear, tungsten cutter. Made from heavy duty tungsten. Supplied individually. Warning: Spin speed not to exceed 30,000 RPM.

ACC244B

Turbo Cutter - Pear (7.0mm)

7.0mm turbo cutter, pear. Made from high quality steel. Supplied individually. Warning: Spin speed not to exceed 25,000 RPM.

ACC241R

Air Duster (400ml)

Air spray duster designed to blow dust away. Supplied in a 400ml spray can.

ACC311

Electrical Cleaning Fluid (400ml)

Electrical cleaning fluid supplied in a 400ml spray can.

ACC107

Foam Cleanser (400ml)

Foam cleanser spray supplied in a 400ml spray can.

ACC238

Freeze-It-Spray (400ml)

Freeze-It spray supplied in a 400ml spray can.

ACC237

Switch Cleaning Lubricant (176ml)

Switch cleaning lubricant. Supplied in a 176ml spray can.

ACC236

DOWSIL 734 Clear Silicone Adhesive (90ml)

A one part solvent-less silicone elastomer for general sealing and bonding applications. 734 is a flow-able liquid that is easy to use and cures on exposure to moisture in the air.

ACC108D

Evo-Stik (32g)

Evo-Stik general purpose glue, supplied in a 32g tube.

ACC108C

Molykote Silicone (100g)

Molykote silicone adhesive, supplied in a 100g tube.

ACC108G

Super Glue - Small (2g)

Super glue adhesive, supplied in handy 2g tubes.

ACC108B

Super Glue - Spare Nozzle

Replacement nozzle for 2g tubes of super glue.

ACC108F

Dreve Fotofix Faceplate Glue (20ml)

Dreve Fotofix UV curable faceplate glue. Supplied in a 20ml bottle.

SON140

Dreve Fotogel (6kg)

Special hydrocolloid gel for photopolymerisation.

SON118

Dreve Fotoplast Lacquer (20ml)

Dreve Fotoplast lacquer, supplied in a 20ml plastic bottle.

SON138

Dreve Fotoplast S Hard UVA

Transparent material for BTE earmolds with hard and highly break-resistant final consistency.

SON135

Dreve Fotoplast S IO 500g Clear Transparent

Clear transparent Fotoplast S IO. Supplied in a 500g container.

SON134

Dreve Fotoplast S IO 500g Medium Brown Opaque

Medium brown transparent Fotoplast S IO. Supplied in a 500g container.

SON134B

Dreve Fotoplast S IO 500g Tan

Dreve Fotoplast S IO is a light cured hard shell material for the production of thin walled custom shells, particularly for ITE hearing systems.

SON134C

Dreve Polylux 100

The Dreve Polylux 100 is a basic light polymerisation unit for repairs and lacquering.

SON104

Dreve Sonopal Turning Motor

For use with UVA curing systems, this turning motor avoids uneven curing.

SON107

Investment Mould (Base)

Standard investment mould base. Supplied individually.

SON131A

Investment Mould (Gasket)

Standard investment mould gasket. Supplied individually.

SON131B

PureCoat 1 (PC1) Earmould Turning Motor

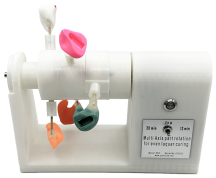

Exceptionally small battery-powered turning motor that fits almost everywhere. 7 revolutions per minute. Supplied with 2 x AA battery.

ACC526A

PureCoat 6 (PC6) Earmould Turning Motor

A cost-effective and highly efficient turning motor, featuring 6 arms for curing multiple earmoulds.

ACC526B

Replacement Lamp - Blue (9W/71)

Replacement lamp bulb blue standard light (9w/71).

SON121

Replacement Lamp - UV (11W/78)

Replacement lamp bulb ultraviolet light (11w/78).

SON123

Small Investment Mould Base

Small investment mould base. Supplied individually.

SON131C

Small Investment Mould Gasket

Small investment mould gasket.Supplied individually.

SON131D

Adhesive Brush

Designed for applying both UV glue and Ketone.

ACC334

Adhesive Polyester Tape

Single sided adhesive polyester tape, super thin and very tough used to insulate amplifiers. 0.06mm thick, 5.7mm wide 66m reel.

PROD87

Airbase Fume Extractor

Airbase fume extractor designed for use with Airbox Simplex.

EQU66200

Airbox Simplex

Ideal for installation in laboratories for the extraction of powders.

EQU65900

All Purpose Duplicating Gel Pink (6kg)

Gel for producing negatives. Ideal for making cold cure earmoulds and shells.

ACC544

Casting Wax (150g)

For coating impressions prior to casting. Supplied in a 150g block.

ACC195

Compact Video Microscope

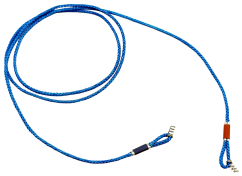

Compact video microscope with 1-600x magnification and 4.3 LCD display. Features an adjustable light and metal stand.

ACC477

Cord For Silicone Earplugs

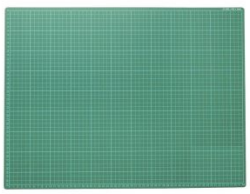

Ideal for keeping earplugs around the neck when not in use and reduces the risk of losing them.

PH-CORD

Cutting Mat (600mm x 250mm) A2

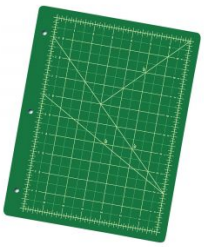

Slim cutting mat, perfect for a cluttered desk. Cutting mat size is 600mm x 250mm.

ACC358A

Cutting Matt

Compact cutting mat, slightly bigger than an A4 sheet of paper it measures 300mm x 220mm.

ACC358

Dummy For Swimplug Handles

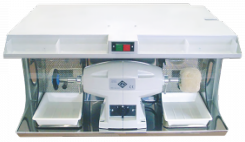

Dummy for adding handles during the production of swimplugs.

PRO124

Dust Suction Bench

Designed for use with polishing machines, this suction bench removes harmful contaminants and dust from the air.

EQU35500

Dust Suction Bench Replacement LED Lamp

Replacement LED lamp for use with Dust Suction Bench EQU35500

EQU35500B

EM5000 Micro-Motor (Spare Hand Piece)

EM5000 Micro-Motor - 300 watt (spare hand piece).

EQU63004

Extraction Cord - Pre-Moulded

Pre-moulded extraction cord, ideal fof CIC applications.

ACC438

Filler Paint (Black)

Black high quality filler paint for use in earmould manufacture. Supplied in 95g bottles.

PROD21D

Filler Paint (Blue)

Blue high quality filler paint for use in earmould manufacture. Supplied in 95g bottles.

PROD21B

Filler Paint (Green)

Green high quality filler paint for use in earmould manufacture. Supplied in 95g bottles.

PROD21E

Filler Paint (Orange)

Orange high quality filler paint for use in earmould manufacture. Supplied in 95g bottles.

PROD21G

Filler Paint (Red)

Red high quality filler paint for use in earmould manufacture. Supplied in 95g bottles.

PROD21A

Filler Paint (White)

White high quality filler paint for use in earmould manufacture. Supplied in 95g bottles.

PROD21C

Fixing Plate For Retention Spring

Fixing plate for retention spring. Supplied individually.

PRO125

Gel Melt Unit

6 litre stainless steel automatic gel melting/mixing unit.

ACC281

Genius 2000 (With Micro-Motor)

This high-tech machine is well equipped to deal with today's busy working practice.

EQU59000

Genius 2000 (Without Micro Motor)

This high-tech machine is well equipped to deal with today's busy working practice.

EQU59100

Genius 2000 Dust Bag

Replacement dust bag, designed for use with the Genius 2000 dust extraction system.

EQU59000-DB

Genius 2000 Replacement Viewing Panel

Replacement viewing panel, designed for use with the Genius 2000 dust extraction system.

EQU59122

Glitter - Black, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Black. Supplied in 50ml bottles.

ACC482H

Glitter - Blue, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Blue. Supplied in 50ml bottles.

ACC482C

Glitter - Gold, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Gold. Supplied in 50ml bottles.

ACC482F

Glitter - Green, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Green. Supplied in 50ml bottles.

ACC482K

Glitter - Mother of Pearl, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Mother of Pearl. Supplied in 50ml bottles.

ACC482A

Glitter - Pink, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Pink. Supplied in 50ml bottles.

ACC482B

Glitter - Purple, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Purple. Supplied in 50ml bottles.

ACC482J

Glitter - Red, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Red. Supplied in 50ml bottles.

ACC482D

Glitter - Silver, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Silver. Supplied in 50ml bottles.

ACC482E

Glitter - Turquoise, 50ml

High quality, fine, glitter for the manufacture of glitter finish earmoulds. Turquoise. Supplied in 50ml bottles.

ACC482G

Insulating Brown Paper Tape

For insulating microphones and receivers. Priced per sheet (155m x 305mm).

RT2

Insulating Rubber Tape

For insulating microphones and receivers. Priced per metre.

RT1

Isopropanol Alcohol (1 Litre)

Used in many industrial processes and pharmaceutical applications for cleaning and degreasing.

PROD30A

Labo Station

Safety workplace cabinet equipped with multiple side entrances, neon light, fast air connector and power supply intake.

EQU66400

Lathe Wheel

Replacement lathe wheel for use with the MAP-1 or MAP2 polishing machines.

ACC270

Lathe Wheel Adaptor (Pair)

Lathe wheel adaptors for use with the MAP-1 or MAP2 polishing machines.

ACC270A

Liquid Dispenser

Dispenses liquid at a controlled rate with the built-in user-controlled pump. Ideal for use with Butanone or similar liquids.

ACC229C

Microfibre Cleaning Cloths (5 Pack)

Cleaning cloths (microfibre). Supplied in packs of 5 cloths.

ACC479

Microphone Tubing - Clear

Clear microphone tubing for ITE and ITC aids. Priced per metre.

ACC222B

Micropol 100

Pressure polymerisation unit for producing high-grade earmoulds.

PRO147A

Micropol 100 O Ring

Replacement o ring for use with the Micropol 100 system pressure polymerisation flask.

PRO147H

Micropol 100 Membrane Foils

Replacement membrane foils for use with the Micropol 100 system pressure polymerisation flask.

PRO147G

Micropol 100 Replacement Screw

Replacement screw for use with the Micropol 100 system pressure polymerisation flask.

PRO147D

Micropol 100 Ring Part

Replacement ring part for use with the Micropol 100 system pressure polymerisation flask.

PRO147C

Minibox Filters (4 Pack)

Replacement filters for use with the Minibox system. Supplied in a pack of 4.

EQU66100-MF

Minibox Portable Suction Unit

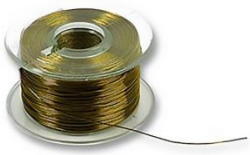

Minibox is a portable suction unit with user adjustable suction power.

EQU66100

Multi-Strand Litz Wire (Gold)

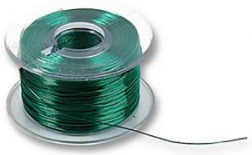

High quality, multi-strand Litz wire, gold. Priced per metre.

ACC232C

Multi-Strand Litz Wire (Green)

High quality, multi-strand Litz wire, green. Priced per metre.

ACC232B

Multi-Strand Litz Wire (Red)

High quality, multi-strand Litz wire, red. Priced per metre.

ACC232A

Palamat Practic ELT Water Bath

Electronically controlled pressure polymerisation unit for cold cure resins.

ACC280

Paper Cups (10 x 200ml)

Used for pouring gel in to make ear mould casts.

ACC194C

Pink Wax (445g)

For patching up bad impressions. Supplied in a pack of 19 sheets.

ACC197

Plaster of Paris (25kg)

Easy to use with a great finish for casting, dries solid.

ACC206A

Plastic Bottle With Spout Cap (125ml)

The 125ml plastic bottle & spout cap is semi-transparent in colour, so you can easily see the product level through the LDPE plastic.

PROD89L

PowerVac Cone Shaped Suction Tips

PowerVac conically shaped replacement suction tips.

ACC347B

Pre-Cut Pre-Tinned Multi - Black

High quality, pre-cut, pre-tinned, multi-strand wire, black. Priced per 30mm strand.

ACC232L

Pre-Cut Pre-Tinned Multi - Blue

High quality, pre-cut, pre-tinned, multi-strand wire, blue. Priced per 30mm strand.

ACC232N

Pre-Cut Pre-Tinned Multi - Skin

High quality, pre-cut, pre-tinned, multi-strand wire, skin. Priced per 30mm strand.

ACC232M

Pre-Cut, Pre-Tinned Wire (Gold)

Pre-cut, pre-tinned wire (gold). Priced per strand (30mm).

ACC232H

Pre-Cut, Pre-Tinned Wire (Green)

Pre-cut, pre-tinned wire (green).
Priced per strand (30mm).

ACC232I

Pre-Cut, Pre-Tinned Wire (Red)

Pre-cut, pre-tinned wire (red).
Priced per strand (30mm).

ACC232G

Professional Bench Lamp

Fluorescent bench lamp with magnifier and desk stand.

ACC228C

Professional Bench Lamp (Spare Bulb)

Replacement bulb designed to fit the professional bench lamp.

ACC228D

Replacement Filter For Dust Suction Bench

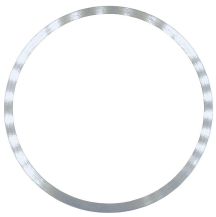

Replacement filter. designed for use with the dust suction bench system.

EQU35500F

Replacement Metal Gasket For Micropol 100

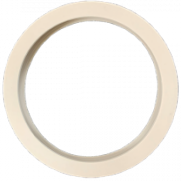

Replacement metal gasket for the Micropol 100 system.

PRO147E

Replacement Rubber Gasket For Micropol 2000

Replacement rubber gasket for the micropol 2000.

PRO141

Replacement Rubber Membrane For Micropol 2000

Replacement rubber membrane to fit the Micropol 2000.

PRO140

Replacement Valve For Micropol 2000

Replacement valve (complete unit) for Micropol 2000.

PRO142

Safety Glasses

Lightweight, tough, polycarbonate lenses. Kite marked to BS2092 grade 2.

ACC211

Sandpaper (Coarse)

Sandpaper, wet and dry, coarse. Supplied as individual sheets.

ACC324A

Sandpaper (Fine)

Sandpaper, wet and dry, fine. Supplied as individual sheets.

ACC324B

Separating Fluid (3.8 Litres)

For separating earmoulds from plaster cavities.

PRO108

Silicone Mixing Cup

Ideal for mixing acrylic for repairs, this silicone mixing cup is easily cleaned and reused.

ACC383

Single Strand Enamelled Wire (Gold)

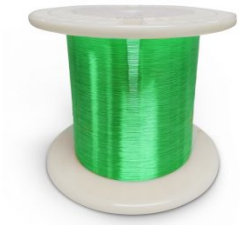

Single strand of gold enamelled wire, priced per metre.

ACC233C

Single Strand Enamelled Wire (Green)

Single strand of green enamelled wire, priced per metre.

ACC233B

Single Strand Enamelled Wire (Red)

Single strand of red enamelled wire, priced per metre.

ACC233A

Single Strand Wire - Blue

High quality, single-strand wire, blue. Priced per strand.

ACC233K

Sticky Wax (32g)

Sticky wax can be used for sticking impressions to a cup.

ACC196

Suction Tool

Ideal for the removal of moisture and wax from hearing instruments.

ACC336

Variable Vents - Large

Large variable adjustable venting valve for open fitting earmoulds.

ACC169J

Variable Vents - Small

Small variable adjustable venting valve for open fitting earmoulds.

ACC169K

Variable Vents - Tapered

Tapered variable adjustable venting valve for open fitting earmoulds.

ACC169L

Wind Tunnels - Large

Large wind tunnel, designed to reduce the effects of wind noise on hearing aids.

ACC169D

Wind Tunnels - Small

Small wind tunnel, designed to reduce the effects of wind noise on hearing aids.

ACC169E

Windshield - Large (Brown)

Large, brown, high quality windshield for wind reduction.

ACC169-STD-BR

Windshield - Medium (Brown)

Medium, brown, high quality windshield for wind reduction.

ACC169-MID-BR

Wooden Vacuum Block

Wooden vacuum block for use with the Airbox Simplex (EQU65900).

EQU65800

Acrylic Mixing Spatula

Double ended spatula ideal for mixing acrylic material.

ACC203

Airbox Dust Bags (4 Pack)

Replacement dust bags for Airbox. Supplied in a pack of 4.

EQU65720

Airbox Simplex Dust Bags (4 Pack)

Replacement dust bags for Airbox Simplex. Supplied in a pack of 4.

EQU65920

Aquapres Manual Pressure Pot

The Aquapress pressure pot is a very practical, safe and mobile device for the polymerization of all known coldcuring polymerizates.

ACC453

Belt Sander

Professional grade mains operated 230v belt sander machine.

ACC450

Blunt End Scissors

Blunt ended scissors, ideal for trimming tubing safely.

ACC307

Chemical Syringe (20ml)

Chemical dispensing syringes ideal for soft glues and silicone rubber. 20ml capacity.

ACC139F

Chemical Syringe (5ml)

Chemical dispensing syringes ideal for soft glues and silicone rubber. 5ml capacity.

ACC139E

Curved Tweezers

Curved tweezers with precision tip. Made from durable steel.

ACC184C

Curved Tweezers With Ball Ended Tip

Curved tweezers with ball end tip. Made from durable steel.

ACC184D

Digital Multimeter

A fully featured, digital multimeter with a flip-up screen for servicing hearing aids. Supplied with current drain measurement adaptor.

ACC239B

Digital Multimeter Current Test Lead

Digital current testing cables for use with multimeter.

ACC239D

DustPro 250 230v

The DustPRO 250 extraction system removes dust, swarf, shavings and other fine particulates from processes such as routing, mechanical engraving, grinding and turning.

ACC455A

DustPro 250 Replacement Bag Filter

Replacement bag filter for the DustPro 250 dust extraction system.

ACC455B

Economy Cutters

Great value, economy side cutters. Supplied individually.

ACC187B

Economy Pliers

Great value, economy long nose pliers. Made from durable steel.

ACC186B

Electric Wax Bath

For impression dipping. With thermostat control.

ACC208B

Heatsink - BK Receiver

Heatsink passive heat exchanger for BK receiver.

ACC266A

Heatsink - ED Receiver

Heatsink passive heat exchanger for ED receiver.

ACC266B

Heatsink - EK Microphone

Heatsink passive heat exchanger for EK microphone.

ACC266C

Heatsink - EM Microphone

Heatsink passive heat exchanger for EM microphone.

ACC266D

Heatsink Tweezers

Heatsink tweezers for use when soldering delecate components that are heat sensitive.

ACC266E

Impression Extractor

For easily extracting impressions from moulds.

ACC200

Impression Marker

Chinagraph pencil useful for all types of impression material.

ACC150

Impression Scissors

For trimming impressions. Made from a high quality, durable steel.

ACC201

ITE/ITC Closing Clamp

Clamp for the production of custom-made hearing aids.

ACC289

Labnet Mini Incubator, 9 Litre

Miniature incubator from Labnet. 9 litre internal capacity.

ACC472B

Linstrom Cutters

Precision high quality side cutters. Supplied individually.

ACC187A

Linstrom Pliers

Precision high quality long nose pliers. Made from durable steel.

ACC186A

Magnetic Burr Holder

Magnetic burr holder designed to hold up to 25 burrs.

ACC199

MAP-1 - Polishing Machine (500W)

Single speed 500w polishing machine for continuous use.

EQU32000

MAP-2 - Polishing Machine (500W)

Dual speed 500w polishing machine for continuous use.

EQU33000

Microbox Finishing Cabinet

Cabinet for the milling and finishing of precious metals, and for the treatment of hazardous volatile chemical compounds.

EQU66300

Mini Screwdriver

Precision screwdriver with 1.4mm blade for trimpots and BTE screws.

ACC188C

Needle File Set

Needle file set featuring 10 assorted sizes and styles.

ACC179

Plaster Mixing Bowl (Large)

Large flexible mixing bowl designed for easily mixing plaster.

ACC205C

Plaster Mixing Bowl (Medium)

Medium flexible mixing bowl designed for easily mixing plaster.

ACC205B

Plaster Mixing Bowl (Small)

Small flexible mixing bowl designed for easily mixing plaster.

ACC205A

Plaster Mixing Bowl (X-Large)

Extra large flexible mixing bowl designed for easily mixing plaster.

ACC205D

Plaster Mixing Spatula

Plaster mixing spatula with plastic handle for plaster and alginate.

ACC204

Plastic Handle Scalpel

Plastic scalpel handle supplied with no. 1 and no. 2 blades.

ACC185A

Pointed Scissors

Steel scissors with sharp pointed blade tips.

ACC307A

Polishing Mop (10.6x1.2cm)

Polishing mop (10.6 x 1.2cm). For general polishing of earmoulds etc.

ACC193A

Polishing Mop (15.2x1.2cm)

Polishing mop (15.2 x 1.2cm). For general polishing of earmoulds etc.

ACC193B

Polishing Mop (Reflex Mop)

Polishing mop (reflex mop). For general polishing of earmoulds etc.

ACC193C

Polishing Wax - Brown

For polishing earmoulds & shells to a lustrous, high gloss finish.

ACC192

Prime 115 Micromotor

Brushless micromotor featuring an ergonomic and compact design. It offers strong torque at low speed, with minimal vibration, with a built-in self-diagnosis system, and has an ergonomic and safe grip.

EQU33300

Prime 115 Micromotor (Handpiece + Cable Only)

Replacement handpiece and cable for the Prime 115 brushless micromotor featuring an ergonomic and compact design.

EQU33300-H/P

Prime 407 Micromotor (Handpiece + Cable Only)

Replacement handpiece and cable for the Prime 407 brushless micromotor featuring an ergonomic and compact design.

EQU33400-H/P

Scalpel Blades - No.1, Flat (50 Pack)

Size no.1 flat scalpel blades, supplied in a box of 50 individually wrapped blades.

ACC185B

Scalpel Blades - No.2, Round (50 Pack)

Size no.2 flat round blades, supplied in a box of 50 individually wrapped blades.

ACC185C

Screwdriver

Precision screwdriver with 1.4mm blade for trimpots and BTE screws.

ACC188B

Screwdriver Set

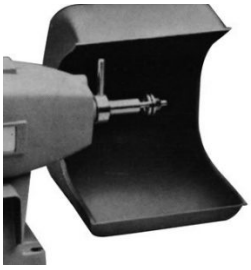

6-piece precision screwdriver set. Supplied as a set of 6.

ACC188

Splash Guard

Spash guard accessory, designed to fit MAP-1 or MAP-2 polishing machines.

EQU32005

Stainless Steel Scalpel Handle

Professional quality stainless steel scalpel handle.

ACC185E

Thermometer - Non-Toxic

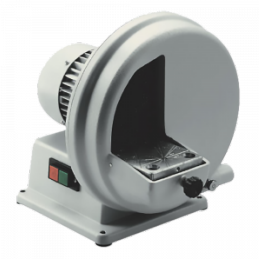

Non-toxic traditional glass thermometer celcius scale.

ACC472A

Trim-1 Trimmer/Grinder

Trimmer and grinder with a reset switch. 500 watt, 1.450 rpm.

EQU65000

Tweezers (Fine Pointed)

Fine pointed tweezers. Made from durable steel.

ACC184A

Tweezers (Rounded)

Round ended tweezers. Made from durable steel.

ACC184B

Wax Knife - Large (18cm)

Large 18cm wax knife, can be sterilised by autoclave or gamma irradiation.

ACC198A

Wax Knife - Small (13.5cm)

Small 13.5cm wax knife, can be sterilised by autoclave or gamma irradiation.

ACC198B

Antex Soldering Iron Tip

Replacement soldering iron tip with a 0.12mm tip diameter, ideal for intrecate projects.

ACC182H

Brass Wool Soldering Iron Tip Cleaner

Brass wool cleaner for cleaning soldering iron tips.

ACC445B

Lead Free Soldering Iron Tip Cleaner

lead free cleaner for cleaning soldering iron tips.

ACC445A

Solder - Large Guage, Lead Free (500g)

Large guage, lead free solder. Supplied in 500g rolls.

ACC183N

Solder - Small Guage, Lead Free, 26swg (500g)

26swg, lead free solder. Supplied in 250g rolls.

ACC183M

Solder - Tin/Silver, 22swg (250g)

22swg, tin/silver solder. Supplied in 250g rolls.

ACC183F

Solder Flux Pen

Flux dispensing fine tip pen for use when soldering.

ACC183D

Solder Sucker

Desoldering pump with 3mm tip, used for removing solder.

ACC224

Solder Wick

Solder braid reel used for desoldering connections.

ACC273

Solder Wire, Lead Free, 1.5mm (250g)

1.5mm, lead free solder. Supplied in 250g rolls.

ACC183P

Soldering Iron

15 watt soldering iron supplied with large tip.

ACC180

Soldering Iron Stand

Soldering iron stand for use with soldering iron (ACC181A).

ACC181A

Soldering Iron Stand - Replacement Sponge

Replacement sponge for soldering iron stand (ACC180).

ACC181B

Soldering Iron Tip - 102 (Large)

Replacement large tip for soldering iron (ACC180).

ACC182B

Soldering Iron Tip - 106 (Small)

Replacement small tip for soldering iron (ACC180).

ACC182A

Microsuction 217

Cl-ear Ear Relief Ear Drops (7g)

Cl-ear ear relief ear drops effectively soothe and reduce ear pain, itching and inflammation of the outer ear canal with Lidocaine, a surface anaesthetic to further reduce ear pain.

ACC520A

Cl-ear Evaluation Sample Kit

A convenient sample kit designed to showcase the full Cl-ear ear care range in one pack at a reduced cost.

ACC517-KIT

Cl-ear Express Ear Drops (12ml)

Cl-ear express ear drops are the easy way to treat problem ear wax quickly and effectively. The dual action formula contains glycerol to gently soften ear wax & urea hydrogen peroxide.

ACC519A

Cl-ear Express Ear Spray (45ml)

Cl-ear Express Ear Spray is a fast and effective way to treat problem ear wax, in an ergonomically designed, easy to use spray.

ACC519B

Cl-ear Itchy Ears Drops (15ml)

Cl-ear Itchy Ear Drops are specially formulated to provide soothing relief for dry, itchy and irritated ears by deeply moisturising and protecting the delicate skin of the outer ear.

ACC520B

Cl-ear Olive Oil Ear Drops (15ml)

Cl-ear Olive Oil Ear Drops provide a natural, gentle way to treat troublesome ear wax.

ACC517A

Cl-ear Olive Oil Ear Spray (10ml)

Cl-ear olive oil ear spray is a natural and gentle way to treat problem ear wax, in an easy-to-use spray.

ACC518A

Cl-ear Olive Oil Ear Spray (20ml)

Cl-ear olive oil ear spray is a natural and gentle way to treat problem ear wax, in an easy-to-use spray.

ACC518B

Disposable Polythene Aprons (100 Pack)

Single use polythene aprons. Supplied on a roll of 100.

ACC490

Earol Olive Oil Spray, 10ml

Earol olive oil spray can be used preventively once a week to aid ear hygiene and maintain healthy ears, it features a dosing system capable of dispensing a the perfect dose into the outer ear.

ACC449

Guardian Disposable Capes (100 Pack)

Disposable capes incorporating an impermeable layer on one side and absorbent on the other, ideal for wax removal procedures.

ACC532C

Guardian Ear Canal Wicks Orange 6cm (50 Pack)

Introducing the Guardian ear canal wicks 6cm Length! These essential wicks are designed to efficiently dry the ear canal following ear syringing procedures.

ACC528A

Intco Synguard Nitrile Gloves Large (100 Pack)

Intco large medical examination gloves are a high quality, non-powdered disposable glove which meets full medical test standard, EN455 parts 1 to 4.

ACC432J

Intco Synguard Nitrile Gloves Medium (100 Pack)

Intco medium medical examination gloves are a high quality, non-powdered disposable glove which meets full medical test standard, EN455 parts 1 to 4.

ACC432K

Mikrozid Alcohol Free Wipes Tub (200 Pack)

Disinfectant wipes for the disinfection of medical devices and other environmental surfaces.

ACC511A

Nutouch Nitrile Gloves Large (100 Pack)

NuTouch Blue Nitrile Powder Free Disposable gloves, size Large, are a versatile and reliable choice for everyday hand protection.

ACC432Q

Nutouch Nitrile Gloves Medium (100 Pack)

NuTouch Blue Nitrile Powder Free Disposable gloves, size Medium, are a versatile and reliable choice for everyday hand protection.

ACC432P

Odinell Ear Spray (50ml)

Odinell Ear Spray is designed to help you maintain clean and healthy ears. Its gentle isotonic solution with surfactants effectively removes earwax and dirt.

ACC541

Otex Express Combi Pack (10ml)

The ear drops help to break down hardened wax, while the bulb syringe allows for gentle rinsing to clear the ear canal.

ACC539B

Otex Express Ear Drops (10ml)

Otex Express Ear Drops are specially formulated to help remove hardened ear wax by breaking it down safely and effectively. This easy-to-use solution is designed to provide relief from blocked ears caused by excess wax build-up.

ACC539A

Otex Olive Oil Ear Drops (10ml)

Otex Olive Oil is a natural, gentle solution designed to soften and remove hardened ear wax, helping to relieve discomfort and prevent blockages.

ACC539C

Otex Olive Oil Ear Spray (10ml)

Otex Olive Oil Spray is a clinically recommended, medical-grade solution designed to gently soften and remove hardened ear wax.

ACC539D

Otex Sodium Bicarbonate Ear Drops (10ml)

Otex Sodium Bicarbonate Ear Drops are a gentle and effective solution for softening and removing hardened ear wax.

ACC539E

Wall Display - 3D Ear Organs (A3)

High quality 3D wall display, ideal for demonstrations.

ACC343E

Acu-Life Oto-Scoop

Acu-Life oto-scoop ear wax removal tool is a safe and simple way to remove excess ear wax from ears. The patented flexing tip is designed to scoop wax out and the safety guard protects the eardrum from over insertion.

ACC435F

Bionix Articulating Lighted Ear Curette (25 Pack)

Combines light, magnification and a 90° articulating tip to take less time to see and safely remove ear canal and nasal passage obstructions.

BIO-2511

Bionix ClearLook Lighted Curette AngleLoop (50 Pack)

Illuminated, single-use curettes designed for precise wax removal and enhanced visibility in curved ear canals.

BIO-3310

Bionix ClearLook Lighted Curette FlexLoop (50 Pack)

Flexible, illuminated curettes for comfortable, controlled ear wax removal in all canal types.

BIO-3340

Bionix ClearLook Lighted Curette InfantScoop (50 Pack)

Gentle, illuminated curettes designed for safe and effective ear care in infants and young children.

BIO-3360

Bionix ClearLook Lighted Curette MicroLoop (50 Pack)

Compact, illuminated curettes for gentle, precise cerumen removal in smaller or sensitive ear canals.

BIO-3320

Bionix ClearLook Lighted Curette Variety Pack (50 Pack)

Complete set of all five ClearLook tip styles for maximum flexibility in ear care procedures.

BIO-3345

Bionix ClearLook Lighted Curette VersaLoop (50 Pack)

Versatile, illuminated curettes for everyday ear care and a wide range of cerumen conditions.

BIO-3330

Bionix Lanyard for Light Source

Reduces the risk of accidentally disposing or losing your Bionix light source.

BIO-2299

Bionix Light Source Handle

Provides visualisation for all lighted technology products.

BIO-2200

Bionix Lighted Curette - AngleLoop (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-2210

Bionix Lighted Curette - CeraPik (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-2280

Bionix Lighted Curette - CeraSpoon (50 Pack)

Bionix lighted ear curette combines illumination and magnification.

BIO-2250

Bionix Lighted Curette - FlexLoop (50 Pack)

A popular cerumen removal tool used in many practices.

BIO-2240

Bionix Lighted Curette - InfantScoop (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-2260

Bionix Lighted Curette - MicroLoop (50 Pack)

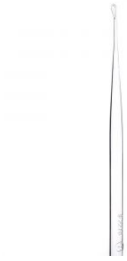

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-2220

Bionix Lighted Curette - VersaLoop (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-2270

Bionix Lighted Curette - WaveCurette (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-2230

Bionix Lighted Curette – Variety Kit (50 Pack)

A popular cerumen removal tool used in many practices.

BIO-2245

Bionix Lighted Curette – VersaLoop (Clinic Pack)

Bionix lighted ear curette combines illumination and magnification to help healthcare providers take less time to see and safely remove cerumen from the ear canal.

BIO-2207

Bionix Lighted Forceps (10 Pack)

Bionix lighted forceps. Starter set of 1 x light source, 1 x magnifying lens, 10 disposable forceps.

BIO-2750

Bionix Magnification Lens (5 Pack)

Bionix magnification lens for lighted curettes.

BIO-2265

Bionix Replacement Forceps (10 Pack)

Replacement forceps without a Bionix light source.

BIO-2775

Bionix Safe Curette - Blue InfantScoop (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-4888

Bionix Safe Curette - Green MicroLoop (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-1222

Bionix Safe Curette - Orange ControLoop (50 Pack)

Bionix safe ear curettes allow healthcare providers to safely and gently remove cerumen with styles to match different types of wax and personal preference.

BIO-2999

Bionix Safe Curette - Purple VersaLoop (50 Pack)

Bionix safe ear curettes allow healthcare providers to safely and gently remove cerumen with styles to match different types of wax and personal preference.

BIO-4111

Bionix Safe Curette - Red AngleLoop (50 Pack)

Bionix safe ear curettes allow healthcare providers to safely and gently remove cerumen with styles to match different types of wax and personal preference.

BIO-3444

Bionix Safe Curette - Variety Kit (75 Pack)

Bionix safe curettes - plastic, single-use, disposable.

BIO-5777

Bionix Safe Curette - White FlexLoop (50 Pack)

Combine illumination and magnification to take-less time to see and safely remove cerumen from the ear canal.

BIO-9555

Bionix Safe Curette - Yellow CeraSpoon (50 Pack)

Bionix safe ear curettes allow healthcare providers to safely and gently remove cerumen with styles to match different types of wax and personal preference.

BIO-6333

Hartman Ear Forceps, 14cm

Hartman ear forceps, 14cm. Fine Hartmann micro crocodile forceps are manufactured from surgical steel.

ACC456

Hartman Sterile Ear Forceps 14cm

Single use Hartman ear forceps, 14cm. Fine Hartmann micro crocodile forceps are manufactured from surgical steel.

ACC456A

Jobson Horne Probe (Polymer 150mm - 50 Pack)

The Jobson Horne probe is a dual instrument, combining ear curette and cotton wool holder into one. Made from a high quality, lightweight polymer.

ACC525C

Jobson Horne Probe (Polymer 178mm - 100 Pack)

The Jobson Horne probe is a dual instrument, combining ear curette and cotton wool holder into one. Made from a high quality, lightweight polymer.

ACC525B

Jobson Horne Probe (Sterile Surgical Steel 178mm)

The Jobson Horne probe is a dual instrument, combining ear curette and cotton wool holder into one. Made from a high grade, sterile, surgical steel.

ACC525A

Micro Scissors Sterile (5mm Jaw)

Micro scissors are used in the removal of earwax from ear canals and foreign bodies from nasal cavities by cutting difficult or stubborn matter into smaller pieces.

ACC530

St Barts Wax Hook Blunt Metal (Single)

The metal St Barts wax hook is a disposable instrument intended for single-use. It features a blunt hook, a ridged grip and is made of sterilised surgical steel.

ACC529B

St Barts Wax Hook Blunt Polymer (100 Pack)

The polymer St Barts wax hook is a disposable dual instrument, combining wax hook and cotton wool holder into one. It features a blunt hook at one end and the other end is threaded, allowing sufficient grip to hold cotton wool.

ACC529A

Bionix Aquabot Adapter Wand

Replacement wand for OtoClear® Aquabot® system.

BIO-7217

Bionix Ear Irrigation Basin (3 Pack)

Ear irrigation basin for use with Otoclear spray wash.

BIO-3700

Bionix OtoClear Aquabot Ear Irrigation Kit +20 Tips

OtoClear, powered by Aquabot provides a simple, yet effective, solution to patient safety, patient discomfort, and compacted cerumen removal.

BIO-7270

Bionix OtoClear Aquabot Ear Irrigation Kit +5 Tips

OtoClear, powered by Aquabot provides a simple, yet effective, solution to patient safety, patient discomfort, and compacted cerumen removal.

BIO-7275

Bionix OtoClear Ear Irrigation Tips (40 Pack)

Provide safe and comfortable ear irrigation without the back splash, at half the cost of a self-constructed device.

BIO-7200

Bionix OtoClear Ear SprayWash Kit

Bionix medical technologies introduces the new OtoClear spray wash kit, a complete set-up for simple, safe cerumen removal.

BIO-7290

Bionix SprayWash Adapter Wand

Replacement wand for OtoClear® SprayWash system.

BIO-7219

Earigator Cerumen Management System

Save time, retain your patients, and grow your practice with the Earigator, the world's most advanced self-contained ear irrigation system.

ACC485A

Earigator Cerumen Management System Bundle

Earigator bundle pack, including the Earigator cerumen management system along with a stainless steel cart.

ACC485-BUN

Earigator Disposable Nozzles (100 Pack)

Earigator disposable nozzles are easily removed between patients simply by unscrewing counterclockwise, allowing for quick and easy removal and replacement.

ACC485C

Earigator Stainless Steel Cart

Custom stainless steel cart, designed for use with the Earigator.

ACC485B

Guardian Disposable Noots Ear Tank (100 Pack)

Designed for use during ear irrigation procedures, this single use ear tank offers a practical and hygienic solution for collecting waste water comfortably and efficiently.

ACC547

Guardian Ear Canal Wicks Orange 6cm (50 Pack)

Introducing the Guardian ear canal wicks 6cm Length! These essential wicks are designed to efficiently dry the ear canal following ear syringing procedures.

ACC528A

Propulse Carry Case

Designed to allow the Propulse ear irrigator and accessories to be transported safely and in style, this carry case is manufactured from durable materials.

ACC458G

Propulse Cleaning Tablets (200 Pack)

Propulse Chlor-Clean cleaning tablets. Supplied in packs of 200. They ensure that the irrigator is cleaned effectively without damaging the pump and working components of the unit.

ACC459A

Propulse Ear Irrigator

The Propulse ear irrigator sets new standards in ear irrigation whilst retaining the familiar and trusted features that you and your patients depend upon.

ACC458A

Propulse Ear Irrigator Full Kit Bundle

The ProPulse Ear Irrigator Full Kit Bundle provides a comprehensive set of essential accessories and consumables to support ear irrigation procedures from day one.

ACC458-FBUN

Propulse Essentials Bundle

The Propulse Essentials Kit includes the Propulse Ear Irrigator along with 100 QrX Tips, providing a simple starter solution for ear irrigation.

ACC458-EBUN

Propulse Foot Pedal

Propulse foot pedal allows you to operate the machine hands free.

ACC458K

Propulse Head Lamp Bulb

Replacement bulb for the Propulse head lamp system.

ACC461B

Propulse Mushroom Valve & Washer (5 Pack)

Replacement mushroom valves & washers for use with the Propulse ear irrigator. The mushroom valve is designed to prevent water flowing out of the reservoir whilst filling.

ACC458D

Propulse Power Adapter

Replacement power adapter for use with the Propulse ear irrigator. Ideal as a spare or for the replacement of a damaged cable. Compatible with models from 2017 onward.

ACC458F

Propulse Proscoop Ear Wax Removal Scoop (50 Pack)

Propulse Proscoop ear wax removal scoop. Designed for the manual removal of ear wax before, during and after the ear irrigation process. Supplied in packs of 50.

ACC460A

Propulse QrX Tips (100 Pack)

Supplied in a pack of 100, these ProPulse QrX tips are designed for use with the ProPulse ear irrigator, they are easy to remove and replace between patients. Compatible with models from 2017 onward.

ACC458B

Propulse Reservoir & Lid

Replacement ProPulse purple reservoir & lid. Ideal for the replacement of a damaged reservoir or lid. Compatible with models from 2017 onward.

ACC458E

Propulse Starter Bundle

The Propulse Starter Bundle includes everything you need to begin ear irrigation with Propulse. This kit contains the Propulse Ear Irrigator, a padded carry case, 100 QrX Tips, and a pack of 200 cleaning tablets.

ACC458-SBUN

Stainless Steel Noots Ear Tank

High-quality noots tank, developed in conjunction with leading ear care clinicians. Designed for longevity and easy sterilisation.

ACC462A

White Catch Basin for Earigator

White catch basin designed for use with the earigator cerrumen management system.

ACC485J

Aspira Go Antibacterial Hydrophobic Filters (2 Pack)

Replacement high efficiency filters for the Aspira Go portable microsuction unit, designed to support hygienic operation, protect the pump and maintain reliable day to day performance.

ACC545C

ASPIRA GO Portable Suction Unit

A compact, battery powered aspirator designed specifically for safe and reliable microsuction in audiology settings.

ACC545

Aspira Go Travel Bag

Designed specifically for the Aspira Go battery-powered portable microsuction unit, this padded carrying bag supports safe transport and reliable protection during daily clinical use.

ACC545B

Microsuction Latching Footswitch

Microsuction latching footswitch for use with the SAM MS professional microsuction unit.

ACC527F

Microsuction Vacuum Connectors (10 Pack)

Microsuction vacuum connectors for use with the SAM MS professional microsuction unit. Supplied in a pack of 10.

ACC527G

Patient Multi-fit Tube (30 Meters)

Patient multi-fit tubing is supplied in a 30m roll. The tubing is connected from the collection vessel and is of varying diameter along it's length (hence multi-fit).

ACC527D

Pennine Suction Tube 6mm x 3m (20 Pack)

Sterile Pennine suction tube, connecting non-conductive PVC connecting tubing 6mm x 3mt FF/M connectors. For use with the SAM MS professional microsuction unit.

ACC526-20

SAM MS Bacterial Filters (24 Pack)

SAM MS antibacterial filter is a sealed disposable air filter capsule moulded in high impact polystyrene and encapsulates a bonded micro glass fibre disc.

ACC527H

SAM MS Professional Microsuction Unit

The SAM MS professional microsuction unit is a high quality surgical suction unit designed and manufactured in the UK to be highly adaptable.

ACC527A

Shea Specula 4mm Polymer (100 Pack)

The Shea 4mm disposable ear speculum can be comfortably inserted into a patient's ear canal to allow safe examination of the middle and inner ear.

ACC523A

Shea Specula 5mm Polymer (100 Pack)

The Shea 5mm disposable ear speculum can be comfortably inserted into a patient's ear canal to allow safe examination of the middle and inner ear.

ACC523B

Shea Specula 6mm Polymer (100 Pack)

The Shea 6mm disposable ear speculum can be comfortably inserted into a patient's ear canal to allow safe examination of the middle and inner ear.

ACC523C

Silicone Tubing (25 Metres)

Silicone tubing supplied in a 25m roll, with an inner bore diameter of 12mm and is suitable for a multitude of medical applications, including the connection of suction equipment.

ACC527E

Tumarkin Specula Size 1 Polymer 3mm (100 Pack)

The Tumarkin disposable ear specula in size 1 (3mm) is designed to comfortably broaden a patient's ear canal for safe examination.

ACC524A

Tumarkin Specula Size 2 Polymer 4mm (100 Pack)

The Tumarkin disposable ear specula in size 2 (4mm) is designed to comfortably broaden a patient's ear canal for safe examination.

ACC524B

Tumarkin Specula Size 3 Polymer 6mm (100 Pack)

The Tumarkin disposable ear specula in size 3 (6mm) is designed to comfortably broaden a patient's ear canal for safe examination.

ACC524C

VACSAX Collection Jar (2 Litre)

Collection jar designed to work with the VACSAX suction liner system.

ACC527C

VACSAX Liner For Collection Jar (2 Litre)

2 litre suction liner designed to work with the VACSAX 2 litre collection jar.

ACC527B

Zoellner Fine End Suction Tip - 18 SWG (50 Pack)

The 18 SWG fine end suction tip securely attaches to the Zoellner range of suction tubes to allow greater precision during aural microsuction.

ACC521B

Zoellner Suction Tube 30 Deg (50 Pack)

30 degrees with no control hole. The Zoellner suction tubes feature an ergonomic design that is comfortable for both left and right-handed users.

ACC521A

Zoellner Suction Tube 30 Deg + Control Hole (50 Pack)

30 degrees with control hole. The Zoellner suction tubes feature an ergonomic design that is comfortable for both left and right-handed users.

ACC521C

Trade Terms & Conditions (V2.0)

Policy Statement
It is a key policy of our Company to provide a standard of product and service that will make it a pleasure for you to deal with us, so that you will want to deal with us again and recommend us to your colleagues. We do our best to deal with all matters in an enlightened and friendly way, and if you take the same approach with us, then in practice we are likely to provide a higher level of service and support than these Terms and Conditions require. Do please bear this in mind when dealing with us.

Definitions
I. "The Goods" shall mean the items or products supplied.

II. "The Company" shall mean Puretone Ltd.

III. "The Customer" shall mean the person or company placing an order or to whom the Goods and/or services are supplied or to whom the Goods are hired.

Prices and Payment
I. Prices in insert pricelists are exclusive of VAT and postage costs, unless stated otherwise. The Company reserves the right not to accept an order and shall not be required to give any reason for so doing. Quotations are valid for 30 days from date of issue.

II. Should credit terms be agreed, the Company's standard credit terms are payment within 30 days of the date of issue of invoice. Should all or any part of an invoice remain unpaid after 30 days, the Company reserves the right to charge interest on the unpaid amount at the rate specified on the invoice.

III. The Company reserves the right to suspend deliveries and the right to cancel orders where payment for any order, related or otherwise, has not been made by the due date.

IV. In the event of late previous payment by the Customer, the Company reserves the right to accept subsequent orders only on the basis of pro forma invoices.

V. In the event of cancellation of an order by the Customer, the Customer shall be liable for all costs incurred by the Company on that order, including loss of profit, which cannot be recovered by sale of the Goods to other customers.

VI. Prices and data herein may be subject to change without prior notice. E&OE.

Shipment
While every effort will be made to deliver on or before the dates agreed (if any), any dates given are estimates only. No guarantee of delivery dates can be given, and time shall not be of the essence of the Contract for delivery.

Title and Risk
Ownership shall pass to the Customer only on receipt by the Company of the full invoice price of the Goods, and any additional charges containing within the invoice, including, but not limited to, carriage, insurance, special order surcharge, etc. In the event of the Company's terms of payment not being met, or of any circumstances which may lead to the appointment of a receiver or liquidator by the Customer before payment has been received, the Customer shall allow the Company access to enter the Customer's premises for the purpose of recovery of the Goods. Risk in the Goods shall pass to the Customer on arrival of the Goods at the delivery address specified by the Customer.

Health and Safety
It shall be the Customer's responsibility to ensure that the Goods are used according to the instructions provided, and also to ensure that they are used in a generally safe and responsible manner by appropriately qualified and experienced personnel.

Warranty
I. The Company guarantees all Goods manufactured by the Company to be free from any defect due to faulty design, materials, or workmanship for a period of 12 months (or as stated on the sales invoice if different) from the date of dispatch, provided that the Goods have been operated and maintained as recommended by the Company. Any such faults will be repaired, or the Goods replaced, free of charge; repair or replacement to be at the Company's sole discretion.

II. For Goods supplied but not manufactured by the Company, the guarantee shall be the same as that given to the Company, by the manufacturer. Please note that certain items from 3rd Party manufacturers, such as bulbs, have a limited operating life and consequently may have a shorter warranty period.

III. The Company accepts no responsibility for incidental or consequential damages.

IV. Any costs associated with returning goods to the Company for repair or replacement shall be paid for by the Customer, said costs to be refunded if the Goods are deemed by the Company to be faulty and under warranty.

V. It shall be the responsibility of the Customer to insure the Goods against any loss or damage while they are in transit or otherwise away from the Customer's premises.

Force Majeure
The Company shall not be responsible or liable for its failure to perform its obligation if such failure is beyond the control of the Company, whether caused by acts of God, unavailability or shortage of components or energy necessary to produce or deliver the Goods by usual modes of transportation, fire, flood, war, embargo, strikes, labour disputes, explosions, riots, regulations, acts of terrorism, restriction or orders of any governmental authority, or any other cause, beyond the Control of the Company or its suppliers.

Returns Policy
Should any purchased Goods not meet with the Customer's expectations and the Customer wishes to return said goods the Company will refund all purchase costs (less carriage costs) of any Goods that are returned to the Company in their original packaging and in a pristine and resaleable condition. To assist the Company in handling returns correctly the Goods should be securely packed and the parcel should include a covering letter detailing the reason for return. The Company reserves the right to decline the return of any product of a personal nature should there be, (in the Company's sole judgement), an unacceptable hygiene or health and safety risk. Permitted Returns Periods are defined as follows:

Product	Return Period	Re-Stock Charge
CENS (all models)	30 days	N/A
Other custom-fit devices	30 days	N/A
Kits†	30 days	N/A
BTE/Generic/devices	30 days	£10
RIC devices*	30 days	£10
Earmoulds	30 days (fit warranty only)	N/A
Accessories**	14 days	Ad hoc
Covert devices	30 days	N/A
NanoComm Devices	0 days	N/A

(†) Only 'unworked' kits, as supplied by the Company, may be returned for credit.
(*) Only RIC devices may be returned for credit. Receivers are non-returnable once the packaging seal has been broken.
(**) Accessory products may be subject to a re-stocking charge at the Company's discretion.

Notwithstanding the Returns Periods listed above, all earmoulds and custom-fit devices are offered with a 30-day fit guarantee from the date of despatch. In the event of a poor fit the Company will remake/modify free of charge (at the Company's discretion) the same style/type of earmould or custom-fit device. In the case of an alternative earmould or custom-fit device being required this will be chargeable at the prevailing list price. Special order products can only be returned for credit at the Company's discretion.

Returns Postage and Pre-Paid Labels
Please note it is the responsibility of the Customer to incur the carriage costs for Goods returned for any reason other than being faulty. Any Goods returned using a pre-paid address label for any reason without prior approval, will result in the Customer's account being charged.

Arbitration
Arbitration in the event of any dispute not settled by the parties shall be submitted in London in accordance with and subject to the provisions of the Arbitration Act (1950) (or any amendment or re-enactment thereof) currently in accordance with English Law including statute Law.

Binding Statement
These Terms and Conditions are binding, and form part of any sales contract entered into between the Company and the Customer. If any of the terms or requirements of the Customer's order are inconsistent with these Terms and Conditions, then such terms or requirements shall not form part of the Contract between the Customer and the Company and shall not be binding on the Company unless agreed by the Company in writing. Statutory Consumer Rights, as defined by law, remain unaffected.

Effective 4th September 2026.

puretone™

Puretone Ltd

9-11 Henley Business Park,
Trident Close, Medway City Estate,
Rochester Kent, ME2 4FR. UK.

Celebrating
